HIGH PRICES WILL STILL PREVAIL IN FURNITURE TRADE

This Statement Follows a Conference of Manufacturers

REDUCTION WOULD AFFECT WAGES

GRAND RAPIDS, Mich., Sept. 30.—There can be no immediate reductions in the price of furniture, according to a statement made today by John L. Young of Cleveland, Ohio, president of the Retail Furniture Dealers' Association of the United States.

Reports circulated recently thruout the country that furniture is due for an immediate drop in price led the association to instruct Mr. Young and the executive committee to come to Grand Rapids and investigate the situation.

Following a conference with the National Council of Furniture Association, now convening here, President Young authorized the statement that there have been no charges affecting the cost of furniture generally that would indicate any material reduction could take place in the near future without seriously affecting the wages and steady employment of men engaged in furniture manufacturing.

"However," said Mr. Young, "we deem it desirable and for the best interests of the American home that concerted effort be exercised by the manufacturers to reduce manufacturing costs, other than labor, and to reflect these reductions in the finished product as soon as possible. To our best knowledge no general reductions in the price of furniture can possibly take place at this time and that the decline will be extremely gradualy and can only come with parallel reductions in manufacturing goods."

SAYS COUNTRY MUST SECURE FOREIGN TRADE

This is Necessary to Offset Domestic Business Depression

WILL REQUIRE SERIOUS EFFORT

NEW YORK, Sept. 30.—Speaking before the annual meeting of the National Foreign Trades Council here today, James A. Farrell, president of the United States Steel Corporation stressed the need of a permanent American foreign trade to offset the period of domestic business depression resulting largely from decreased domestic demands.

"But such a trade cannot be secured without the serious effort of our business men," he continued. "They must be induced to equip themselves for foreign trade; to devote some portion of their products to foreign trade and to demand of the government that willing support of legitimate enterprise to which they are entitled."

The council urged the exemption of American citizens resident abroad from the provision of the United States income tax and the excess profits tax.

LEGION TO HELP FORMER SOLDIER

AURORA, Ill., Sept. 30.—The American Legion today went to the aid of Nolan D. Robinson, 23, an escaped patient of the Elgin hospital for the insane who was convicted last week for the murder of his mother-in-law, Mrs. J. R. Brown of Wheaton, and sentenced to hang by a jury in the DuPage county circuit court at Wheaton. The Lombard, Ill., post of the Legion engaged Attorney O. Harvey Gunsul of Aurora to take Robinson's case to the supreme court, pledging the funds to carry on the legal fight. They took the stand that Robinson, who is a former service man, has never been discharged from the hospital as sane and that if he is allowed to hang any deranged person who escaped from an asylum could be held responsible for his acts. Robinson is not a member of the Legion.

URGE ENFORCEMENT OF TRAFFIC LAWS

Milwaukee, Wis., Sept. 30. — Stricter compliance with, and enforcement of traffic laws as a preventive of automobile accidents were urged today by J. A. Van Osdol, general attorney for the Union Traction Co., of Indiana, before the Electric Railway section of the National Safety Council's ninth annual congress.

DECLINED THE POST

Washington, Sept. 30.—Frank C. Dailey of Indianapolis, recently appointed assistant to the attorney general, has declined the post. This statement was issued at the white house today. He was named to succeed C. B. Ames, resigned.

TIRE COMPANY ANNOUNCES REDUCTION

NEW YORK, Sept. 30. — The Lee Tire and Rubber company announced today a reduction in teh price of its entire line of tires from 15 per cent to 20 per cent, effective thruout the country.

NEW CENSUS WILL SHOW MAJORITY OF PEOPLE IN CITIES

Cities Increase Faster Than the Rural Districts

FIGURES SHOW CHECK IN GROWTH

WASHINGTON, Sept. 30.—Cities are increasing in population seven and a half times as fast as the rural district the census bureau disclosed tonight in a compilation of figures covering approximately eighty-five per cent of the new census. The figures indicated that the complete census would show the majority of the population to be city dwellers. For the last ten years, rural growth was but one-third as great as it was in the previous decade but the cities almost maintained their rate of growth getting five new inhabitants from 1910 to 1920 for each six added during the preceding ten years. All population centers, even the small country hamlets and towns, showed a greater proportionate increase than the purely rural districts. The great increases, however, were by cities of ten thousand or more inhabitants.

While the bureau attempts no explanation of the reasons for the increasing migration to the cities each year during the last decade, presumable higher wages, shorter working days and home conveniences attracted the rural population, especially since the war when wages in big industrial centers went up rapidly.

Total Increase Fifteen Per Cent

Altho showing a check in the rate of population growth for the country as a whole the bureau's figures indicated that the complete census would place the total number of inhabitants of the continental United States at 105,768,100 a gain of 13,795,840 or fifteen per cent.

Cities will absorb practically all of this increase it being estimated that 12,172,800 would reside in [illegible] inhabitants, while 1,623,040 would be added to the farms and the hamlets. For the countryside itself the increase would be approximately a million and a quarter. Such a movement of the people will place the urban population at approximately 54,796,100 and the rural population at 50,972,000. In 1910, the rural population outstripped that of the cities by almost seven million people there being 49,348,883 in the country and 42,628,383 in the cities.

BIG HOTEL STRIKE STARTS IN ST. LOUIS

Waiters, Cooks and Soda Dispensers Announced Walkout—Two Thousand Will be Affected.

St. Louis, Mo., Sept. 30.—A general strike of cooks, waiters and soda dispensers which union officials assert will affect the principal hotels and clubs as well as many restaurants, was called late the result of announcement by today for midnight. The order is the Hotel and Restaurant Keepers' Association that the establishments will be operated on the "open shop" basis, effective tomorrow and their refusal to grant wage increases. Union officials say about 2,200 men and women will be affected. The proposed wage increases applied only to asking a raise of from $15 to $18 waiters and waitresses the former weekly and the latter $12 to $15 weekly.

Establishments whose employes are said to number approximately 3,000 agreed today to comply with the terms of the union.

OPTIMISM HELPS FRENCH PEOPLE

Madrid, Sept. 29.—Optimism on the part of the French people has brought about a gratifying result in the appreciation of French currency, says the newspaper El Debate. It adds that, while the value of Italian, German, Austrian and Russian money is visibly decreasing, France which made similar issues of papers says her money daily is increasing in value.

OKLAHOMA MINERS MAY GO ON STRIKE

Muskogee, Okla., Sept. 30. — Ten thousand Oklahoma coal miners may go out on strike within two weeks if their demands for a 30 per cent increase on the tonnage basis is not granted by the operators, according to J. H. Wilkinson, president of District 21, United Mine Workers of America.

ANNOUNCE POPULATION OF KENTUCKY

Washington, Sept. 30.—Kentucky's 1920 population is 2,416,913, an increase of 126,108 or 5.5 per cent in ten years. Kentucky, 14th state in 1910, showed its lowest numerical increase since 1840, its gain in the ten years ending then having been 91,911. The state's most rapid growth was in the two decades from 1790 to 1900.

Politics Injected Into M. E. Conference

ROCKFORD, Ill., Sept. 30.—Politics were injected very forcibly into today's session of Rock River conference of the Methodist Episcopal Church when Dr. Clarence True Wilson, general secretary of the National Board of Temperance, Prohibition and Public Morals s poke upon the present situation, discussing prohibition, Americanizion the Bible in public schools, protection of Americans engaged in outlaw business in foreign countries and gambling crusades.

Governor Cox is "loose, low and liquid," he said, "the champion of the liquor interests, the advocate of the laxist enforcement regime that Ohio has ever known. His ears hav been closed to petitions from dry forces, he has been openly against them in il their fights and all the reforms."

Dr. Wilson also accredited the Democratic candidate with responsibility for the prize fighting wave that is spreading all over the country claiming they have chosen Toledo, Ohio, as their capital because they know they have nothing to fear from the governor of that state.

Attacks Darlymple.

Major Darlymple, chief of the prohibition enforcement corps, with headquarters in Chicago was attacked by the speaker.

"Most any day that you pick up the papers in the city of Chicago you can see the prohibition officer's name, playing himself up on the front pages and talking about the difficulty of enforcing prohibition, the number of men who are trying to sell liquor and 'the few assistants I have,' evidently trying to be the martyr for the drys, the hero for the wets; and by advertising himself to weaken the sentiment for prohibition, law enforcement and to notify the wets that they can violate the law with impunity because of his inability to enforce it."

Many objections were raised by the clergymen to Dr. Wilson's partisan statements. He said that Senator Harding was the last Republican he wanted for candidate, but with "Harding 90 per cent dry and Cox 100 per cent went, I have no choice in the matter and you ministers should have a doubt how to vote or inform your congregations which is the right side."

Rev. I. E. Putnam, pastor of the Methodist church at Harvey, a suburb of Chicago, defended Major Darlymple, telling of the effective manner in which he cleaned up an infomous resort in his neighborhood.

The Rev W H. Tope, pastor of the Lamon Avenue Methodist Church, Chicago, said that Major Darlymple had spoken in his church under the auspices of the Anti-Saloon League and that he would "never cross the carpet to his pulpit again."

"I came near throwing him out." Dr. Tope said. "He began by saying that he was never in sympathy with prohibition and ended with an appeal for Governor Cox taking advantage of his invitation."

Adopt Public Policy Report.

The conference adopted the report of the committee on public policy presented by its chairman, Dr. E. E. Tutle pastor of the First Methodist curch, Evanston, which set forth the stand of the church on the labor question, prohibtion, league of nations and the interchurch world movement.

William Jennigs Bryan will make the sixth floor of the New National Headquarters building of the Methodist Episcopal church his Washington home, it was announced by Dr. Clarence True Wilson, general secretary of the Methodist Board of Temperance, Prohibition and Public Morals, at today's session of the Rock River conference of Methodist Episcopal churches in session here this week.

Money for the building is being raised. It will stand on a site diagonally across from the senate office building and will have the offices of all the national boards of the church. The three uppor floors will be devoted to apartments.

BROOKLYN PLAYERS MAKE STATEMENTS

Nothing of Suspicious Nature is Found—Ebbets Will Appear With More Players Friday.

New York, Sept. 30.—On the eve of the investigation to be conducted by District Attorney Lewis of Kings county concerning rumors that the coming world's series had been "fixed," three members of the team, Cartain Zack Wheat, Al Mamaux and James A. Taylor appeared here late today and made statements.

Later when Mr. Lewis was asked if anything of a suspicious nature had been unearthed he replied absolutely nothing. He said that his purpose in examining the players was simply to find out if any attempt had been made to approach them.

President Ebbets said that as many players as could would go to the district attorney's office tomorrow and that by Saturday all members of his team will have appeared before the prosecutor.

SPECIAL GUARD AROUND BANK

KANSAS CITY, Sept. 30. — A special guard of policemen and federal agents was thrown around the federal reserve bank here today, following the receipts of an annonymous letter by Mayor James Cowgill, stating that the bank was to be blown up at 3 o'clock this afternoon.

Officials were inclined to attach little importance to the message, as probably being the work of a crank or joker but were determined to take no chances.

TRAIN STRIKES BUGGY; WOMAN IS KILLED

Quincy, Ill., Sept. 30.—Mrs. J. C. Weddington, 60, living near Barry, Ill., was killed this afternoon when the buggy in which she was riding was struck by a west bound train at Lippincott Crossing, three miles west of Barry. The horse was instantly killed and Mrs. Weddington was thrown many feet and never regained consciousness.

COSTA RICA WANTS IN PEACE LEAGUE

Wants to Get Into Charmed Circle—Bulgaria First of Central Powers to Apply.

Washington, Sept. 30.—Costa Rica is the last of thirteen nations to have applied for membership in the league of nations, according to a communication received today by the state department from the secretariat of the league. The application was filed on Sept. 14. Bulgaria was reported as the first of the central powers to apply for membership which was made unofficially to the league on September 2, 1920. The other eleven nations which have made application include: Esthonia, Finland, Georgia, Iceland, Latvia, Luxembourg, Monaco, San Marino, Ukrainia, Armenia and Lichtenstein.

These applications are expected to be considered by representatives of the thirty-nine present members of the league at the first meeting of the assembly on November 15.

HAD MASTER KEY TO COIN BOXES

CHICAGO, Sept. 30.—Confession of Joseph Counselbaum today disclosed that $20,000 had been obtained from coin boxes of the Chicago Telephone Co., within the last six weeks, until the burglaries were finally stopped by a burglar alarm attached to the lock of the coin box, which rang a gong when a key was inserted.

Counselbaum is said to have confessed that he was a member of a gang, each of whom possessed master keys to any coin box in the city.

GREECE CELEBRATES

Athens, Sept. 30.—The festivities in celebration of the victory of Greece in the European war were begun here today. Premier Venizelos was presented by the mayor of Athens with a wreath of golden laurel leaves, made in Paris, the cost of which has been defrayed by public subscription.

Appeals For Election of Republican Ticket

NEW YORK, Sept. 30. — Mrs. Edith Roosevelt, widow of former President Theodore Roosevelt, tonight appealed to the manhood and womanhood of America, to elect Senator Harding and Governor Coolidge, Republican presidential and vice presidential candidates, in a statement given out by the Republican national committee.

The statement said:

"The country's vital need is the election of the Republican candidates, Warren G. Harding and Calvin Coolidge. Only will the full measure of Americanizm in the next administration be attained, if the people shall declare for the party which holds true nationalism as its ideal.

It is not necessary to forget our duty to our neighbors in doing our duty at home.

"The time appeals most strongly to the manhood and the womanhood of America—to women more than ever before, because to her has come the perfected opportunity to make her opinion weighty in behalf of the nation.

"This year as never before, with world conditions as they are, steadiness and staunchness of American purpose are obligatory if we would first bring back our country to its stable place and then by strong endeavor do all that can be done for peace and the general welfare in all lands."

OFFICIAL ACTION WILL NOT BE TAKEN AGAINST CULPRITS

Will Not Prosecute Disturbers of Pilgrim Meeting

DIFFICULT FOR GOMPERS TO BE HEARD

NEW YORK, Sept. 30.—No official action will be taken against agitators who interefered with last night's meeting of delegates to the tercentenary celebration of the landing of the Pilgrims, Alton B. Parker announced tonight. He presided at the session which was invaded by members of the American Women pickets for the enforcement of America's war aims, and said the disturbance was not a nature to demand prosecution of the offenders.

The meeting included its program besides speeches, the presentation of tableaux representing famous historical scenes of colonization days. Representatives of England and Holland and other countries were guests of honor. While the apdience was gathered several women bearing banners with anti-British inscriptions entered the hall some remaining on the orchestra floor and others going to the balcony and galleries.

Mr. Parker said in commenting on the disturbance.

Only Temporary Annoyance.

"Fortunately none of the speakers were caused more than temporary annoyance and delak by the outbreaks."

"In the case of Samuel Gompers it was some time before order could be restored sufficiently for him to be heard."

He said immediately before Mr. Gompers' turn to speak there was a particularly noisy outbreak with shouts of "Down with England," "America First" and other cries. The Star Spangled Banner was then played, bringing the crowd to attention and afterward Mr. Gompers took the speakers' stand.

"It was necessary to rap for order,' Mr. Parker continued, "but after a few moments Mr. Gompes was able to proceed with his address. He was not interrupted and spoke extemporaneously for between ten and fifteen minutes.

"It is not true that he was forced to desist. On the contrary Mr. Gompers' speech was generously applauded. The session was adjourned after Mr. Gompers had concluded as he was the last on the program."

HARD BOILED SMITH IS OUT OF PRISON

Objected to Being Shown Any Favors—Got Time Because of Good Conduct.

Washington, Sept. 30.—Lieutenant Frank H. (Hard Boiled) Smith, whose release from imprisonment following conviction by France has just become known, army court martial of brutal treatment of American soldiers in objected to any clemency being extended him, Secretary of War Baker said today, commenting on the case.

Smith's commanding officers, the secretary said, had appealed to the clemency board of the war department for a reduction of the 18 months' sentence. Smith, learning of the action, wrote the board objecting to any change in his term saying he wished to serve out his sentence to avoid other publicity.

A war deparmtent statement today explained that Smith was at liberty because the sentence given him by the court martial had expired. His imprisonment began at Fort Jay, New York on July continued until March 20, 1920, 21, 1919, the statement said and when, because of good conduct he was granted a parole. He was released from parole on July 28, when the reduced sentence expired.

OVERLAND PLANT CLOSES DOWN

TOLEDO, O., Sept. 30.—Toledo plants of the Willys-Overland Co. were closed down yesterday and today following the lay off of 4,500 men and women workers.

Those released yesterday were instructed to report Monday morning by which time officials say it will be known definitely whether the plants will operate on a three day a week basis or remain closed until conditions in the automobile industry get back to normal.

Falling off in the demand for automobiles which has affected motor car companies in general thruout the United States is assigned as the cause of the drastic curtailment of production.

FOOTBALL PLAYER DIES

Philadelphia, Sept. 30.—Melvin Kepler, captain of the Lockhaven high school football team, died today in the University hospital from a broken neck received during scrimmage practice on Wednesday. He was tackled while running at full speed, his head striking the ground.

SPECTATOR TRIES TO CARVE HERZOG AFTER JOLIET GAME

Baseball Player Receives Several Cuts From Knife.

ASSAILANT KNOWN TO OFFICIALS

CHICAGO, Sept. 30.—While members of the Chicago National League team were leaving the baseball park at Joliet, Ill., after an exhibition game today, one man of a crowd which surged about their automobile slashed Charles "Buck" Herzog three times with a knife, shouting:

"Here are some of those crooked Chicago ball players."

Herzog was cut across the palm of the right hand, on the left arm and the left leg but his wounds were not considered serious. The cuts were dressed by the Cubs' trainer and he returned to Chicago with the team.

One man leaped to the running board of the automobile shouting at the Cub players and Herzog knocked him off the step leaning out the door to push him away. A second man rushed thru the crowd and attacked Herzog with a knife, but others in the crowd quickly intervened and cleared a path for the Cubs' machine.

Herzog was one of two players mentioned by J. C. (Rube) Benton of the New York Giants at the start of the grand jury baseball inquiry here as having attempted to bribe him to throw a game. Herzog was exonerated of all blame by President Heydler of the National League in his statement before the grand jury, Heydler producing affidavits concerning the case when he testified.

During the game at Joliet there was considerable jeering from the crowd and many remarks about "crooked ball players." Most of them were directed at Herzog, because his name had been preminent in the opening days of the investigation by the grand jury here.

No arrests were made but the names of the men in the fight are known to the Cub officials, who made a hasty investigation.

"I'm sorry it occurred." Herzog said tonight, "but I couldn't resist punching that fellow when he called me a crook. I got a pretty bad cut across the front of my hand, I guess a gash a quarter of an inch deep. But the other two are little more than scratches."

REPUBLICANS TO SUPPORT ELECTORS AT FALL ELECTION

Will Support the Electors Who Have Been Named

SMITH TO NAME EXECUTIVE HEADS

CHICAGO, Sept. 30.—Agreement to stand on the list of 29 candidates for presidential electors, named at the state Republican convention May 10 as well as the nominees for University of Illinois trustees, was reached at a meeting today of the "old" and "new" Republican state committees. The nominations have been certified to Springfield, it was announced.

Nominees for University trustees are:

Mrs. Helen Mathews Grigsby of Pittsfield; Mrs Laura B. Vans of Taylorville and Dr. William L. Noble of Evanston.

Management of the state campaign it was decided is to be placed in the hands of an advisory committee of ten members, one to be named by each of the nominees for state office after the report of the state canvassing board has been made.

Colonel Frank L. Smith as chairman of the "old" and "new" committees, by joint resolution was directed to name the executive heads of the state woman's organiation as well as the speakers, and judiciary and finance committees.

APPROVES LOAN

Washington, Sept. 30—Approval of a loan of $2,000,000 by the Chicago, Rock Island and Pacific railway company to aid it in meeting its 1920 maturing indebtedness, was announced today by the interstate commerce commission. The carrier itself is required to finance in connection with its maturing indebtedness approximately $6,000,000.

HARDING SAYS REPUBLICANS ARE UNITED ON ISSUES

No Friction of Progressivism and the League of Nations

C. M. BIRD PROGRESSIVE RESENTS COX'S CLAIM

MARION, O., Sept. 30.—Taking note of Democratic charges that progressivism and the league of nations have created friction among the Republican leaders Senator Harding said tonight that he was satisfied of the support of a united party on both issues. He characteried as absolutely "untrue" published reports that Senators Johnson and Borah of the treaty irreconcilables had informed him they soon would withdraw from the campaign and at the same time he announced that former President Taft and Herbert Hoover, two leading Republican advocates of ratification, soon would be taking an active part in the fight for election of the Republican ticket.

Commenting on the appeals of Governor Cox for progressive support the Republican nominee declared he had information convincing him that "the rank and file of the supporters of Roosevelt are putting their full faith in our cause."

He made public with his endorsement of a telegram to the governor from Charles Sumner Bird of Massachusetts, a former leader of the Roosevelt progressive party, declaring that known progressive sentiment was "a complete refutation" of Democratic claims.

Discussing the league issue, Senator Harding said he never had given to any Republican leader any statement of his position on the league which had not been contained also in his public utterance. His stand, he said, was known in every detail to the pubic and was commanding the United support of Republicans.

Denies Johnson Borah Story.

Asked about the report of a joint letter from Senator Johnson and Borah refusing to take further part in his campaign the nominee replied:

"There is no such letter. The story is absolutely untrue."

"Have you had any recent communication with Mr. Taft on that subject?" he was asked.

"I have had no direct communication with Taft, but I have heard from those close to him and I understand he will be in the campaign working heartily for the election of a Republican president by the middle of October. So will Herbert Hoover."

Bird's Message to Cox.

The telegram to Governor Cox from Mr. Bird, who was a Democrat before he went into the Progressive party said:

"In your acrobatic campaign to attract voters you endeavor to convey the impression that the Progressive voters of the late Theodore Roosevelt party have been ignored and outlawed by Senator Harding, who, as you express it, seeks advice from only a certain type of men—namely standpatters and reactionaries.

"The opposition to you of such Progressives as Johnson, Poindexter, Beveridge, James R. Garfield, McCormack, Baldwin, Robins and, in fact, by practically all of the Progressive leaders who stood back of Colonel Roosevelt in 1912 and 1916 is a complete refutation of this oft repeated, leading and tricky statement of yours.

"I resent with intense indination your desperate effort to capitalize his honored name for the purpose of perpetuating the power of the Democratic party which, no above all men, distrusted and excoriated."

Progressives With Cause.

"I only wish to say that the facts as to the position of the Progressives of this country as he states them are borne out of information which is sent to me voluntarily, that the rank and file of the supporters of Roosevelt are putting their full faith in our cause."

Tomorrow Senator Harding will speak from the front porch to a gathering of women, and officials at his headquarters today said his address will be one of the most important of the campaign. It will deal with Social justice outlining the senators program for humane reform and for organized Social betterment. A headquarters' announcement said that five thousand women were expected to attend. Special trains will come from Chicago, Columbus and Dayton and local factories employing women will close their doors to perimt employes to attend. Women of all political faiths have been invited.

HIGH PRICES WILL STILL PREVAIL IN FURNITURE TRADE

This Statement Follows a Conference of Manufacturers

REDUCTION WOULD AFFECT WAGES

GRAND RAPIDS, Mich., Sept. 30.—There can be no immediate reductions in the price of furniture, according to a statement made today by John L. Young of Cleveland, Ohio, president of the Retail Furniture Dealers' Association of the United States.

Reports circulated recently thruout the country that furniture is due for an immediate drop in price led the association to instruct Mr. Young and the executive committee to come to Grand Rapids and investigate the situation.

Following a conference with the National Council of Furniture Association, now convening here, President Young authorized the statement that there have been no charges affecting the cost of furniture generally that would indicate any material reduction could take place in the near future without seriously affecting the wages and steady employment of men engaged in furniture manufacturing.

"However," said Mr. Young, "we deem it desirable and for the best interests of the American home that concerted effort be exercised by the manufacturers to reduce manufacturing costs, other than labor, and to reflect these reductions in the finished product as soon as possible. To our best knowledge no general reductions in the price of furniture can possibly take place at this time and that the decline will be extremely gradualy and can only come with parallel reductions in manufacturing goods."

SAYS COUNTRY MUST SECURE FOREIGN TRADE

This is Necessary to Offset Domestic Business Depression

WILL REQUIRE SERIOUS EFFORT

NEW YORK, Sept. 30.—Speaking before the annual meeting of the National Foreign Trades Council here today, James A. Farrell, president of the United States Steel Corporation stressed the need of a permanent American foreign trade to offset the period of domestic business depression resulting largely from decreased domestic demands.

"But such a trade cannot be secured without the serious effort of our business men," he continued. "They must be induced to equip themselves for foreign trade; to devote some portion of their products to foreign trade and to demand of the government that willing support of legitimate enterprise to which they are entitled."

The council urged the exemption of American citizens resident abroad from the provision of the United States income tax and the excess profits tax.

LEGION TO HELP FORMER SOLDIER

AURORA, Ill., Sept. 30.—The American Legion today went to the aid of Nolan D. Robinson, 23, an escaped patient of the Elgin hospital for the insane who was convicted last week for the murder of his mother-in-law, Mrs. J. R. Brown of Wheaton, and sentenced to hang by a jury in the DuPage county circuit court at Wheaton. The Lombard, Ill., post of the Legion engaged Attorney O. Harvey Gunsul of Aurora to take Robinson's case to the supreme court, pledging the funds to carry on the legal fight. They took the stand that Robinson, who is a former service man, has never been discharged from the hospital as sane and that if he is allowed to hang any deranged person who escaped from an asylum could be held responsible for his acts. Robinson is not a member of the Legion.

URGE ENFORCEMENT OF TRAFFIC LAWS

Milwaukee, Wis., Sept. 30. — Stricter compliance with, and enforcement of traffic laws as a preventive of automobile accidents were urged today by J. A. Van Osdol, general attorney for the Union Traction Co., of Indiana, before the Electric Railway section of the National Safety Council's ninth annual congress.

DECLINED THE POST

Washington, Sept. 30.—Frank C. Dailey of Indianapolis, recently appointed assistant to the attorney general, has declined the post. This statement was issued at the white house today. He was named to succeed C. B. Ames, resigned.

TIRE COMPANY ANNOUNCES REDUCTION

NEW YORK, Sept. 30. — The Lee Tire and Rubber company announced today a reduction in teh price of its entire line of tires from 15 per cent to 20 per cent, effective thruout the country.

NEW CENSUS WILL SHOW MAJORITY OF PEOPLE IN CITIES

Cities Increase Faster Than the Rural Districts

FIGURES SHOW CHECK IN GROWTH

WASHINGTON, Sept. 30.—Cities are increasing in population seven and a half times as fast as the rural district the census bureau disclosed tonight in a compilation of figures covering approximately eighty-five per cent of the new census. The figures indicated that the complete census would show the majority of the population to be city dwellers. For the last ten years, rural growth was but one-third as great as it was in the previous decade but the cities almost maintained their rate of growth getting five new inhabitants from 1910 to 1920 for each six added during the preceding ten years. All population centers, even the small country hamlets and towns, showed a greater proportionate increase than the purely rural districts. The great increases, however, were by cities of ten thousand or more inhabitants.

While the bureau attempts no explanation of the reasons for the increasing migration to the cities each year during the last decade, presumable higher wages, shorter working days and home conveniences attracted the rural population, especially since the war when wages in big industrial centers went up rapidly.

Total Increase Fifteen Per Cent

Altho showing a check in the rate of population growth for the country as a whole the bureau's figures indicated that the complete census would place the total number of inhabitants of the continental United States at 105,768,100 a gain of 13,795,840 or fifteen per cent.

Cities will absorb practically all of this increase it being estimated that 12,172,800 would reside in [illegible] more inhabitants, while 1,623,040 would be added to the farms and the hamlets. For the countryside itself the increase would be approximately a million and a quarter. Such a movement of the people will place the urban population at approximately 54,796,100 and the rural population at 50,972,000. In 1910, the rural population outstripped that of the cities by almost seven million people there being 49,348,883 in the country and 42,628,383 in the cities.

BIG HOTEL STRIKE STARTS IN ST. LOUIS

Waiters, Cooks and Soda Dispensers Announced Walkout—Two Thousand Will be Affected.

St. Louis, Mo., Sept. 30.—A general strike of cooks, waiters and soda dispensers which union officials assert will affect the principal hotels and clubs as well as many restaurants, was called late the result of announcement by today for midnight. The order is the Hotel and Restaurant Keepers' Association that the establishments will be operated on the "open shop" basis, effective tomorrow and their refusal to grant wage increases. Union officials say about 2,200 men and women will be affected. The proposed wage increases applied only to asking a raise of from $15 to $18 waiters and waitresses the former weekly and the latter $12 to $15 weekly.

Establishments whose employes are said to number approximately 3,000 agreed today to comply with the terms of the union.

OPTIMISM HELPS FRENCH PEOPLE

Madrid, Sept. 29.—Optimism on the part of the French people has brought about a gratifying result in the appreciation of French currency, says the newspaper El Debate. It adds that, while the value of Italian, German, Austrian and Russian money is visibly decreasing, France which made similar issues of papers says her money daily is increasing in value.

OKLAHOMA MINERS MAY GO ON STRIKE

Muskogee, Okla., Sept. 30. — Ten thousand Oklahoma coal miners may go out on strike within two weeks if their demands for a 30 per cent increase on the tonnage basis is not granted by the operators, according to J. H. Wilkinson, president of District 21, United Mine Workers of America.

ANNOUNCE POPULATION OF KENTUCKY

Washington, Sept. 30.—Kentucky's 1920 population is 2,416,013, an increase of 126,108 or 5.5 per cent in ten years. Kentucky, 14th state in 1910, showed its lowest numerical increase since 1840, its gain in the ten years ending then having been 91,911. The state's most rapid growth was in the two decades from 1790 to 1900.

Politics Injected Into M. E. Conference

ROCKFORD, Ill., Sept. 30.—Politics were injected very forcibly into today's session of Rock River conference of the Methodist Episcopal Church when Dr. Clarence True Wilson, general secretary of the National Board of Temperance, Prohibition and Public Morals s poke upon the present situation, discussing prohibition, Americanizion the Bible in public schools, protection of Americans engaged in outlaw business in foreign countries and gambling crusades.

Governor Cox is "loose, low and liquid," he said, "the champion of the liquor interests, the advocate of the laxist enforcement regime that Ohio has ever known. His ears hav been closed to petitions from dry forces, he has been openly against them in il their fights and all the reforms."

Dr. Wilson also accredited the Democratic candidate with responsibility for the prize fighting wave that is spreading all over the country claiming they have chosen Toledo, Ohio, as their capital because they know they have nothing to fear from the governor of that state.

Attacks Darlymple.

Major Darlymple, chief of the prohibition enforcement corps, with headquarters in Chicago was attacked by the speaker.

"Most any day that you pick up the papers in the city of Chicago you can see the prohibition officer's name, playing himself up on the front pages and talking about the difficulty of enforcing prohibition, the number of men who are trying to sell liquor and 'the few assistants I have,' evidently trying to be the martyr for the drys, the hero for the wets; and by advertising himself to weaken the sentiment for prohibition, law enforcement and to notify the wets that they can violate the law with impunity because of his inability to enforce it."

Many objections were raised by the clergymen to Dr. Wilson's partisan statements. He said that Senator Harding was the last Republican he wanted for candidate, but with "Harding 50 per cent dry and Cox 100 per cent went. I have no choice in the matter and you ministers should have a doubt how to vote or inform your congregations which is the right side."

Rev. I. E. Putnam, pastor of the Methodist church at Harvey, a suburb of Chicago, defended Major Darlymple, telling of the effective manner in which he cleaned up an infomous resort in his neighborhood.

The Rev W H. Tope, pastor of the Lamon Avenue Methodist Church, Chicago, said that Major Darlymple had spoken in his church under the auspices of the Anti-Saloon League and that he would "never cross the carpet to his pulpit again."

"I came near throwing him out," Dr. Tope said. "He began by saying that he was never in sympathy with prohibition and ended with an appeal for Governor Cox taking advantage of his invitation."

Adopt Public Policy Report.

The conference adopted the report of the committee on public policy presented by its chairman, Dr. E. E. Tutle pastor of the First Methodist curch, Evanston, which set forth the stand of the church on the labor question, prohibtion, league of nations and the interchurch world movement.

William Jennigs Bryan will make the sixth floor of the New National Headquarters building of the Methodist Episcopal church his Washington home, it was announced by Dr. Clarence True Wilson, general secretary of the Methodist Board of Temperance, Prohibition and Public Morals, at today's session of the Rock River conference of Methodist Episcopal churches in session here this week.

Money for the building is being raised. It will stand on a site diagonally across from the senate office building and will have the offices of all the national boards of the church. The three uppor floors will be devoted to apartments.

BROOKLYN PLAYERS MAKE STATEMENTS

Nothing of Suspicious Nature is Found—Ebbets Will Appear With More Players Friday.

New York, Sept. 30.—On the eve of the investigation to be conducted by District Attorney Lewis of Kings county concerning rumors that the coming world's series had been "fixed," three members of the team, Cartain Zack Wheat, Al Mamaux and James A. Taylor appeared here late today and made statements.

Later when Mr. Lewis was asked if anything of a suspicious nature had been unearthed he replied absolutely nothing. He said that his purpose in examining the players was simply to find out if any attempt had been made to approach them.

President Ebbets said that as many players as could would go to the district attorney's office tomorrow and that by Saturday all members of his team will have appeared before the prosecutor.

SPECIAL GUARD AROUND BANK

KANSAS CITY, Sept. 30. — A special guard of policemen and federal agents was thrown around the federal reserve bank here today, following the receipts of an annonymous letter by Mayor James Cowgill, stating that the bank was to be blown up at 3 o'clock this afternoon.

Officials were inclined to attach little importance to the message, as probably being the work of a crank or joker but were determined to take no chances.

TRAIN STRIKES BUGGY; WOMAN IS KILLED

Quincy, Ill., Sept. 30.—Mrs. J. C. Weddington, 60, living near Barry, Ill., was killed this afternoon when the buggy in which she was riding was struck by a west bound train at Lippincott Crossing, three miles west of Barry. The horse was instantly killed and Mrs. Weddington was thrown many feet and never regained consciousness.

COSTA RICA WANTS IN PEACE LEAGUE

Wants to Get Into Charmed Circle—Bulgaria First of Central Powers to Apply.

Washington, Sept. 30.—Costa Rica is the last of thirteen nations to have applied for membership in the league of nations, according to a communication received today by the state department from the secretariat of the league. The application was filed on Sept. 14. Bulgaria was reported as the first of the central powers to apply for membership which was made unofficially to the league on September 2, 1920. The other eleven nations which have made application include: Esthonia, Finland, Georgia, Iceland, Latvia, Luxembourg, Monaco, San Marino, Ukrainia, Armenia and Lichtenstein.

These applications are expected to be considered by representatives of the thirty-nine present members of the league at the first meeting of the assembly on November 15.

HAD MASTER KEY TO COIN BOXES

CHICAGO, Sept. 30.—Confession of Joseph Counselbaum today disclosed that $20,000 had been obtained from coin boxes of the Chicago Telephone Co., within the last six weeks, until the burglaries were finally stopped by a burglar alarm attached to the lock of the coin box, which rang a gong when a key was inserted.

Counselbaum is said to have confessed that he was a member of a gang, each of whom possessed master keys to any coin box in the city.

GREECE CELEBRATES

Athens, Sept. 30.—The festivities in celebration of the victory of Greece in the European war were begun here today. Premier Venizelos was presented by the mayor of Athens with a wreath of golden laurel leaves, made in Paris, the cost of which has been defrayed by public subscription.

Appeals For Election of Republican Ticket

NEW YORK, Sept. 30. — Mrs. Edith Roosevelt, widow of former President Theodore Roosevelt, tonight appealed to the manhood and womanhood of America, to elect Senator Harding and Governor Coolidge, Republican presidential and vice presidential candidates, in a statement given out by the Republican national committee.

The statement said:

"The country's vital need is the election of the Republican candidates, Warren G. Harding and Calvin Coolidge. Only will the full measure of Americanizm in the next administration be attained, if the people shall declare for the party which holds true nationalism as its ideal.

It is not necessary to forget our duty to our neighbors in doing our duty at home.

"The time appeals most strongly to the manhood and the womanhood of America—to women more than ever before, because to her has come the perfected opportunity to make her opinion weighty in behalf of the nation.

"This year as never before, with world conditions as they are, steadiness and staunchness of American purpose are obligatory if we would first bring back our country to its stable place and then by strong endeavor do all that can be done for peace and the general welfare in all lands."

OFFICIAL ACTION WILL NOT BE TAKEN AGAINST CULPRITS

Will Not Prosecute Disturbers of Pilgrim Meeting

DIFFICULT FOR GOMPERS TO BE HEARD

NEW YORK, Sept. 30.—No official action will be taken against agitators who interefered with last night's meeting of delegates to the tercentenary celebration of the landing of the Pilgrims, Alton B. Parker announced tonight. He presided at the session which was invaded by members of the American Women pickets for the enforcement of America's war aims, and said the disturbance was not a nature to demand prosecution of the offenders.

The meeting included its program besides speeches, the presentation of tableaux representing famous historical scenes of colonization days. Representatives of England and Holland and other countries were guests of honor. While the audience was gathered several women bearing banners with anti-British inscriptions entered the hall some remaining on the orchestra floor and others going to the balcony and galleries.

Mr. Parker said in commenting on the disturbance.

Only Temporary Annoyance.

"Fortunately none of the speakers were caused more than temporary annoyance and delak by the outbreaks."

"In the case of Samuel Gompers it was some time before order could be restored sufficiently for him to be heard."

He said immediately before Mr. Gompers' turn to speak there was a particularly noisy outbreak with shouts of "Down with England," "America First" and other cries. The Star Spangled Banner was then played, bringing the crowd to attention and afterward Mr. Gompers took the speakers' stand.

"It was necessary to rap for order,' Mr. Parker continued, "but after a few moments Mr. Gompes was able to proceed with his address. He was not interrupted and spoke extemporaneously for between ten and fifteen minutes.

"It is not true that he was forced to desist. On the contrary Mr. Gompers' speech was generously applauded. The session was adjourned after Mr. Gompers had concluded as he was the last on the program."

HARD BOILED SMITH IS OUT OF PRISON

Objected to Being Shown Any Favors—Got Time Because of Good Conduct.

Washington, Sept. 30.—Lieutenant Frank H. (Hard Boiled) Smith, whose release from imprisonment following conviction by France has just become known, army court martial of brutal treatment of American soldiers in objected to any clemency being extended him, Secretary of War Baker said today, commenting on the case.

Smith's commanding officer, the secretary said, had appealed to the clemency board of the war department for a reduction of the 18 months' sentence. Smith, learning of the action, wrote the board objecting to any change in his term saying he wished to serve out his sentence to avoid other publicity.

A war deparmtent statement today explained that Smith was at liberty because the sentence given him by the court martial had expired. His imprisonment began at Fort Jay, New York on July continued until March 20, 1920, 21, 1919, the statement said and when, because of good conduct he was granted a parole. He was released from parole on July 28, when the reduced sentence expired.

OVERLAND PLANT CLOSES DOWN

TOLEDO, O., Sept. 30.—Toledo plants of the Willys-Overland Co. were closed down yesterday and today following the lay off of 4,500 men and women workers.

Those released yesterday were instructed to report Monday morning by which time officials say it will be known definitely whether the plants will operate on a three day a week basis or remain closed until conditions in the automobile industry get back to normal.

Falling off in the demand for automobiles which has affected motor car companies in general thruout the United States is assigned as the cause of the drastic curtailment of production.

FOOTBALL PLAYER DIES

Philadelphia, Sept. 30.—Melvin Kenler, captain of the Lockhaven high school football team, died today in the University hospital from a broken neck received during scrimmage practice on Wednesday. He was tackled while running at full speed, his head striking the ground.

SPECTATOR TRIES TO CARVE HERZOG AFTER JOLIET GAME

Baseball Player Receives Several Cuts From Knife

ASSAILANT KNOWN TO OFFICIALS

CHICAGO, Sept. 30.—While members of the Chicago National League team were leaving the baseball park at Joliet, Ill., after an exhibition game today, one man of a crowd which surged about their automobile slashed Charles "Buck" Herzog three times with a knife, shouting:

"Here are some of those crooked Chicago ball players."

Herzog was cut across the palm of the right hand, on the left arm and the left leg but his wounds were not considered serious. The cuts were dressed by the Cubs' trainer and he returned to Chicago with the team.

One man leaped to the running board of the automobile shouting at the Cub players and Herzog knocked him off the step leaning out the door to push him away. A second man rushed thru the crowd and attacked Herzog with a knife, but others in the crowd quickly intervened and cleared a path for the Cubs' machine.

Herzog was one of two players mentioned by J. C. (Rube) Benton of the New York Giants at the start of the grand jury baseball inquiry here as having attempted to bribe him to throw a game. Herzog was exonerated of all blame by President Heydler of the National League in his statement before the grand jury, Heydler producing affidavits concerning the case when he testified.

During the game at Joliet there was considerable jeering from the crowd and many remarks about "crooked ball players." Most of them were directed at Herzog, because his name had been preminent in the opening days of the investigation by the grand jury here.

No arrests were made but the names of the men in the fight are known to the Cub officials, who made a hasty investigation.

"I'm sorry it occurred," Herzog said tonight, "but I couldn't resist punching that fellow when he called me a crook. I got a pretty bad cut across the front of my hand, I guess a gash a quarter of an inch deep. But the other two are little more than scratches."

REPUBLICANS TO SUPPORT ELECTORS AT FALL ELECTION

Will Support the Electors Who Have Been Named

SMITH TO NAME EXECUTIVE HEADS

CHICAGO, Sept. 30.—Agreement to stand on the list of 29 candidates for presidential electors, named at the state Republican convention May 10 as well as the nominees for University of Illinois trustees, was reached at a meeting today of the "old" and "new" Republican state committees. The nominations have been certified to Springfield, it was announced.

Nominees for University trustees are:

Mrs. Helen Mathews Grigsby of Pittsfield; Mrs. Laura B. Vans of Taylorville and Dr. William L. Noble of Evanston.

Management of the state campaign it was decided is to be placed in the hands of an advisory committee of ten members, one to be named by each of the nominees for state office after the report of the state canvassing board has been made.

Colonel Frank L. Smith as chairman of the "old" and "new" committees, by joint resolution was directed to name the executive heads of the state woman's organiation as well as the speakers, and judiciary and finance committees.

HARDING SAYS REPUBLICANS ARE UNITED ON ISSUES

No Friction of Progressivism and the League of Nations

C. M. BIRD PROGRESSIVE RESENTS COX'S CLAIM

MARION, O., Sept. 30.—Taking note of Democratic charges that progressivism and the league of nations have created friction among the Republican leaders Senator Harding said tonight that he was satisfied of the support of a united party on both issues. He characteried as absolutely "untrue" published reports that Senators Johnson and Borah of the treaty irreconcilables had informed him they soon would withdraw from the campaign and at the same time he announced that former President Taft and Herbert Hoover, two leading Republican advocates of ratification, soon would be taking an active part in the fight for election of the Republican ticket.

Commenting on the appeals of Governor Cox for progressive support the Republican nominee declared he had information convincing him that "the rank and file of the supporters of Roosevelt are putting their full faith in our cause."

He made public with his endorsement of a telegram to the governor from Charles Sumner Bird of Massachusetts, a former leader of the Roosevelt progressive party, declaring that known progressive sentiment was "a complete refutation" of Democratic claims.

Discussing the league issue, Senator Harding said he never had given to any Republican leader any statement of his position on the league which had not been contained also in his public utterance. His stand, he said, was known in every detail to the pubic and was commanding the United support of Republicans.

Denies Johnson Borah Story.

Asked about the report of a joint letter from Senator Johnson and Borah refusing to take further part in his campaign the nominee replied:

"There is no such letter. The story is absolutely untrue."

"Have you had any recent communication with Mr. Taft on that subject?" he was asked.

"I have had no direct communication with Taft, but I have heard from those close to him and I understand he will be in the campaign working heartily for the election of a Republican president by the middle of October. So will Herbert Hoover."

Bird's Message to Cox.

The telegram to Governor Cox from Mr. Bird, who was a Democrat before he went into the Progressive party said:

"In your acrobatic campaign to attract voters you endeavor to convey the impression that the Progressive voters of the late Theodore Roosevelt party have been ignored and outlawed by Senator Harding, who, as you express it, seeks advice from only a certain type of men—namely standpatters and reactionaries.

"The opposition to you of such Progressives as Johnson, Poindexter, Beveridge, James R. Garfield, McCormack, Baldwin, Robbins and, in fact, by practically all of the Progressive leaders who stood back of Colonel Roosevelt in 1912 and 1916 is a complete refutation of this oft repeated, leading and tricky statement of yours.

"I resent with intense indignation your desperate effort to capitalize his honored name for the purpose of perpetuating the power of the Democratic party which, he above all men, distrusted and excoriated."

Progressives With Cause.

"I only wish to say that the facts as to the position of the Progressives of this country as he states them are borne out of information which is sent to me voluntarily, that the rank and file of the supporters of Roosevelt are putting their full faith in our cause."

Tomorrow Senator Harding will speak from the front porch to a gathering of women, and officials at his headquarters today said his address will be one of the most important of the campaign. It will deal with Social justice outlining the senators program for humane reform and for organized Social betterment. A headquarters' announcement said that five thousand women were expected to attend. Special trains will come from Chicago, Columbus and Dayton and local factories employing women will close their doors to perimt employes to attend. Women of all political faiths have been invited.

MINERS FAIL TO REACH AGREEMENT

London, Sept. 30—Representatives of the owners of coal mines and of miners have thus far failed to reach an agreement relative to wages, the principal question involved in the threat of the miners to strike.

Now that the prices for farm products are receding in a definite way the farmer has but one recourse and that is to reduce his expenses of operation. About the only way he can accomplish this is by the use of improved machinery. So the lowering of prices is very apt to result in an increase of business for the dealers in modern farm implements.

The baseball men who accepted bribes are mighty sure now that honesty is the best policy. Some of them have been released, others have been suspended and so their big salary earning power has been stopped. In addition to all this loss, now Uncle Sam is coming in and will punish the players if they failed to make income tax returns on the money that they received illegally. The punishment for this last offense will mean at least a heavy federal fine. Just further proof of the too often forgotten truth that "the way of he transgressor is hard."

THE WORLD'S TREMENDOUS WAR DEBT

The debts of the world now reach a total of $25,000,000,000, compared with $44,000,000,000 at the beginning of the war. Interest charges are $9,00,000,000 a year as against $1,750,000,000 before the war, and the average per capita debt is $150 as against $27 in 1913.

DON'T OVERDO IT

In the midst of enthusiasm about the lower prices and easier living conditions resulting, it is just as well to remember that the thing can be overdone. For the benefit of all concerned, the descent to the lower costs should be gradual. Taken in any other way, the shock to business will be so great that disaster will follow in its wake. The people are entitled to lower prices. They are getting these prices and the real concern now is to have that descent sane and gradual.

IT'S NO CRIME TO BE WEALTHY

The war, it is said, increased the number of millionaires in the U. S. by nearly 20,000. Some of these millionaires were created after America entered the war and more of them before that time. It does not follow because wealth has been quickly acquired that it has been illegally done. The country should have no criticism against men of wealth who are legitimately wealthy, if their money is spent for something more than merely selfish ends.

Fire prevention day this year is Oct. 9. The purpose of course is to encourage people to co-operate that day not only in general clean up work but in pointing out certain customs or to law violations which increase risks.

Here in Jacksonville there will not be as much clean up work as usual because of the work of the Civic Pride League and the further fact that deputies from the state fire marshel's office are now in the city making personal inspection of property and offering suggestions.

This exposure of crookedness in the 1919 baseball series has its ramifications and they are wide in extent. A Beloit man who won $10 on the series has returned the money. He figured since the victory was won by Cincinnati only with the crooked assistance of the White Sox, that the money was not rightfully his. If other men who made winnings on the series take the same stand many a dollar will be refunded in the course of the next few weeks.

Indication of the way manual training work is developing in public schools is evidenced in Bloomington. There automobile classes are conducted as a part of the regular work and the boys are taught the fundamental principles in the operation and repairs of cars. The board of education recently bought two automobiles for the use of the manual training department. These cars will be dismantled and the pupils will have the task of reassembling them.

The average person who takes a watch or clock to pieces finds when he starts the reassembling process that there are about a dozen or fifteen parts too many, and the manual training boys will be fortunate if they do not have the same experience.

But the Bloomington instance gives point to the worth and development of manual training work in the schools and gives prophecy also to what the development of vocational training is going to mean in the days to come.

Rippling Rhymes
By Walt Mason

Climate

For balmy airs I've always wished, and now I have my heart's desire; the finest climate ever dished surrounds me as I crank my lyre. The summer brings no sizzling heat but from the sea cool breezes blow; the winter has no snow or sleet to fill rheumatic legs with woe. But when I lay me down to sleep I dream of Kansas every night; of Kansas, where wild blizzards sweep, and summer heat is just a fright. Some day, no doubt, I will depart for Eden, where all things are fine, where scalding teardrops never start, and grief and woe take in their sign. There with the saints I hope to roam along the crystal river's shore, exulting in that final home where sorrow soaks us nevermore. But still my thoughts will wander thence at times, when choruses are stilled; I'll lean against the jasper fence, and with strange longings I'll be filled. Strange longings for the old elm trees beneath whose boughs I used to stray; strange longings for the Kansas breeze, that blew our county seat away. New splendors rise at every turn, new glories every hour I find; yet my old heart must ever yearn for those dear scenes I left behind.

AUTO SALESMEN HELD CONFERENCE

Local Studebaker Family Guests of Charles M. Strawn——Robert Hatcher Gave Informal Talk.

The local sales and mechanical force of Charles M. Strawn, Studebaker distributor, met at dinner last night with Robert E. Hatcher, Jr., and other representatives of the company. It was really a Studebaker family dinner party which Mr. Strawn arranged so that the members of his organization might have the pleasure and inspuiration of hearing Mr. Hatcher, Jack Barnett, also of Springfitld, and H. F. Connelly of Chicago, talk about the present altomobile situation.

An excellent dinner was served in the ordinary of the Dunlap and then an hour or more was spent in talking "shop." Mr. Hatcher is at tht head of the distributing concern which has Morgan and Sangamon counties included in its territory. He is a keen, aggressive automobile man and members of the group who heard his talk on salesmanship last night found it very informing and suggestive.

Mr. Hatcher referred with some pride to the fact that the Studebaker concern is the third largest in the industry, with a plant and equipment worth $68.-000,000 and a vast working capital. He said the recent reduction in the price of Studebakers was not because of any lack of orders, but said that the action was taken as a matter of business policy and he predicted that there would be an increase after January 1.

As Mr. Hatcher sees it, the whole automobile field has taken on a new condition in these later months. Cars used to be sold on the basis of fascination or merely for the pleasure of the owner. They appealed to the fancy. Today the automobile is a matter of utility and as such requires a different kind of salesmanship. Novelties and necessities require one kind of salesmanship and an article merely of utility another kind. It is for this reason that the Hatcher Co., now thru its salesmen follows a definite plan of seeing a certain number of prospects every day and with a follow up system keeps in touch with persons who are known to need or want automobiles now or who are to do so in the future.

CHRISTIAN CHURCH MEN'S CLASS TO MEET

The Men's Bible class of Central Christian church will hold a special meeting at the church Friday evening when plans for the coming year's work will be discussed. Extensive preparations are being made for this opening meeting of the year and it is hoped there will be a large attendance of the members. Frank Byrns is president of the class, which is one of the live men's organizations of the city.

MANY LAW VIOLATORS

The special representatives of the secretary of state's office who are looking for violators of the speed laws have already found 75 persons who are not complying with the statutes. In all instances thus far when attention has been called to the law's provisions there has been no trouble about securing compliance. The work of inspection will continue here for a week or two longer.

THOUSANDS OF DOLLARS GIVEN AWAY IN SERVICE

Statistics are sometimes counted as dry and barren things, but they are not so in their relation to an institution like Passavant hospital. The hospital is an institution for the common good and while many appreciate its beneficent work, probably few realize the number of people cared for annually within its walls.

Last year Passavant hospital housed nearly 1,000 patients, or to be exact, 918. The expenses of the year were $35,256.76 and receipts thru charges for service and thru gifts were $32,183.75. These figures show a loss in operation of $3,073, which is in reality the cost of charity work done.

Occasionally one hears the suggestion that because of the fees for the use of the operating room, for the attendance of nurses and for meals served, that the hospital is merely a business institution and should not expect contributions from the public. On this very point and for the year mentioned, the record of the hospital sheds interesting light. Last year 82 patients were received in the hospital who paid nothing, altho the charges against them were $1,295.36. Thirty three other patients were rendered service at a value of $2,487.56, and because of straightened circumstances paid on their accounts $1,666.43. This means another $821.13 worth of charity work.

There are some persons who think that if a patient is unable to pay the service is rendered and the bill filed against Morgan county. This is by no means true, altho some patients are cared for at the hospital as county charges. Again the records of 1919 are interesting. They show that during that year 44 county patients were cared for at the hospital but the maximum payment allowed by the county board means a loss to the hospital of $6.88 per week on every county patient. That year a total of 139 weeks care was given to the 44 county patients, entailing a loss to the hospital of $956.52.

No one who needs care is turned away from Passavant hospital because of inability to pay.

Now that the prices for farm products are receding in a definite way the farmer has but one recourse and that is to reduce his expenses of operation. About the only way he can accomplish this is by the use of improved machinery. So the lowering of prices is very apt to result in an increase of business for the dealers in modern farm implements.

The baseball men who accepted bribes are mighty sure now that honesty is the best policy. Some of them have been released, others have been suspended and so their big salary earning power has been stopped. In addition to all this loss, now Uncle Sam is coming in and will punish the players if they failed to make income tax returns on the money that they received illegally. The punishment for this last offense will mean at least a heavy federal fine. Just further proof of the too often forgotten truth that "the way of he transgressor is hard."

THE WORLD'S TREMENDOUS WAR DEBT

The debts of the world now reach a total of $25,000,000,000, compared with $44,000,000,000 at the beginning of the war. Interest charges are $9,00,000,000 a year as against $1,750,000,000 before the war, and the average per capita debt is $150 as against $27 in 1913.

DON'T OVERDO IT

In the midst of enthusiasm about the lower prices and easier living conditions resulting, it is just as well to remember that the thing can be overdone. For the benefit of all concerned, the descent to the lower costs should be gradual. Taken in any other way, the shock to business will be so great that disaster will follow in its wake. The people are entitled to lower prices. They are getting these prices and the real concern now is to have that descent sane and gradual.

IT'S NO CRIME TO BE WEALTHY

The war, it is said, increased the number of millionaires in the U. S. by nearly 20,000. Some of these millionaires were created after America entered the war and more of them before that time. It does not follow because wealth has been quickly acquired that it has been illegally done. The country should have no criticism against men of wealth who are legitimately wealthy, if their money is spent for something more than merely selfish ends.

Fire prevention day this year is Oct. 9. The purpose of course is to encourage people to co-operate that day not only in general clean up work but in pointing out certain customs or to law violations which increase risks.

Here in Jacksonville there will not be as much clean up work as usual because of the work of the Civic Pride League and the further fact that deputies from the state fire marshel's office are now in the city making personal inspection of property and offering suggestions.

This exposure of crookedness in the 1919 baseball series has its ramifications and they are wide in extent. A Beloit man who won $10 on the series has returned the money. He figured since the victory was won by Cincinnati only with the crooked assistance of the White Sox, that the money was not rightfully his. If other men who made winnings on the series take the same stand many a dollar will be refunded in the course of the next few weeks.

Indication of the way manual training work is developing in public schools is evidenced in Bloomington. There automobile classes are conducted as a part of the regular work and the boys are taught the fundamental principles in the operation and repairs of cars. The board of education recently bought two automobiles for the use of the manual training department. These cars will be dismantled and the pupils will have the task of reassembling them.

The average person who takes a watch or clock to pieces finds when he starts the reassembling process that there are about a dozen or fifteen parts too many, and the manual training boys will be fortunate if they do not have the same experience.

But the Bloomington instance gives point to the worth and development of manual training work in the schools and gives prophecy also to what the development of vocational training is going to mean in the days to come.

Rippling Rhymes
By Walt Mason

Climate

For balmy airs I've always wished, and now I have my heart's desire; the finest climate ever dished surrounds me as I crank my lyre. The summer brings no sizzling heat but from the sea cool breezes blow; the winter has no snow or sleet to fill rheumatic legs with woe. But when I lay me down to sleep I dream of Kansas every night; of Kansas, where wild blizzards sweep, and summer heat is just a fright. Some day, no doubt, I will depart for Eden, where all things are fine, where scalding teardrops never start, and grief and woe take in their sign. There with the saints I hope to roam along the crystal river's shore, exulting in that final home where sorrow soaks us nevermore. But still my thoughts will wander thence at times, when choruses are stilled; I'll lean against the jasper fence, and with strange longings I'll be filled. Strange longings for the old elm trees beneath whose boughs I used to stray; strange longings for the Kansas breeze, that blew our county seat away. New splendors rise at every turn, new glories every hour I find; yet my old heart must ever yearn for those dear scenes I left behind.

AUTO SALESMEN HELD CONFERENCE

Local Studebaker Family Guests of Charles M. Strawn——Robert Hatcher Gave Informal Talk.

The local sales and mechanical force of Charles M. Strawn, Studebaker distributor, met at dinner last night with Robert E. Hatcher, Jr., and other representatives of the company. It was really a Studebaker family dinner party which Mr. Strawn arranged so that the members of his organization might have the pleasure and inspuiration of hearing Mr. Hatcher, Jack Barnett, also of Springfiid, and H. F. Connelly of Chicago, talk about the present altomobile situation.

An excellent dinner was served in the ordinary of the Dunlap and then an hour or more was spent in talking "shop." Mr. Hatcher is at the head of the distributing concern which has Morgan and Sangamon counties included in its territory. He is a keen, aggressive automobile man and members of the group who heard his talk on salesmanship last night found it very informing and suggestive.

Mr. Hatcher referred with some pride to the fact that the Studebaker concern is the third largest in the industry, with a plant and equipment worth $68.-000,000 and a vast working capital. He said the recent reduction in the price of Studebakers was not because of any lack of orders, but said that the action was taken as a matter of business policy and he predicted that there would be an increase after January 1.

As Mr. Hatcher sees it, the whole automobile field has taken on a new condition in these later months. Cars used to be sold on the basis of fascination or merely for the pleasure of the owner. They appealed to the fancy. Today the automobile is a matter of utility and as such requires a different kind of salesmanship. Novelties and necessities require one kind of salesmanship and an article merely of utility another kind. It is for this reason that the Hatcher Co., now thru its salesmen follows a definite plan of seeing a certain number of prospects every day and with a follow up system keeps in touch with persons who are known to need or want automobiles now or who are to do so in the future.

TEACHERS HEAR DR. E. G. PAYNE ON SAFETY PROBLEMS

Teachers Are the Guide Posts of Humanity

FEW ACCIDENTS IN NEAR FUTURE

MILWAUKEE, Wis., Sept. 30.—Several thousand school principals and teachers, many from other parts of the country, were present today at a lecture delivered by Dr. E. George Payne, vice-chairman of the education section of the National Safety Council, in which he outlined the most modern methods of saftty instruction for school children. The lecture was part of the program of the ninth annual congress of the National Safety Council.

"You are the guide posts of humanity of the generation now growing to its place as masters of the world," Dr. Payne said, "It is within the power of teachers more than any other agency to lead that generation into the paths of safety.

"If you make the effort you can develop the children who come under your care into careful adults, save thousands of lives, make thousands of lives happier by preventing the destruction of eyes and limbs and consequent suffering.

"If you will teach safety and if every teacher in every school will teach safety to their children the time is not so far off when carefulness will prevail with practically every man, woman and child and the burden of accidents due to carelessness which cripple and maim humanity will be lifted from the shoulders of the world.'

CHICAGO MAN IS BEST HORSESHOER IN U. S.

Edward O'Grady of Chicago Acknowledged by Fellow Craftsmen to be Entitled to That Honor.

Springfield, Ill. — Edward O'Grady of Chicago is acknowledged by his fellow craftsmen, to be the best horseshoer in the United States, according to the director of the Illinois State Department of Registration and Education, by which Mr. O'Grady is retained as member of the State Horseshoers Examining board.

Intimate knowledge of the anatomy of the horses hoof and symmetry for the animal, make Mr. O'Grady, it is said, the most respected examiner in Illinois by prospective applicants for state license. Mr. O'Grady does not only the excellent put the shoe on the horse's foot, but stands [illegible] him, watching the horse's eyes.

"Pull that nail out, and be more careful. You've struck a nerve", is the frequent admonition O'Grady gives prospective horseshoers. He knows the horse so well, that he can see the effect of pain in the animal's eyes, indicating to him more surely than any other means, the fitness of the applicant. A horse's hoof, he says, is almost as full of nerves as a man's tooth.

Examinations which Mr. O'Grady will help conduct will be held thruout the state the week of October 4. The tests will be given at Dixon, Chicago, Peoria, Springfield, Danville, Effingham, Benton and East St. Louis.

TEACHERS HEAR DR. E. G. PAYNE ON SAFETY PROBLEMS

Teachers Are the Guide Posts of Humanity

FEW ACCIDENTS IN NEAR FUTURE

MILWAUKEE, Wis., Sept. 30.—Several thousand school principals and teachers, many from other parts of the country, were present today at a lecture delivered by Dr. E. George Payne, vice-chairman of the education section of the National Safety Council, in which he outlined the most modern methods of saftty instruction for school children. The lecture was part of the program of the ninth annual congress of the National Safety Council.

"You are the guide posts of humanity of the generation now growing to its place as masters of the world," Dr. Payne said, "It is within the power of teachers more than any other agency to lead that generation into the paths of safety.

"If you make the effort you can develop the children who come under your care into careful adults, save thousands of lives, make thousands of lives happier by preventing the destruction of eyes and limbs and consequent suffering.

"If you will teach safety and if every teacher in every school will teach safety to their children the time is not so far off when carefulness will prevail with practically every man, woman and child and the burden of accidents due to carelessness which cripple and maim humanity will be lifted from the shoulders of the world.'

CHURCHES ENTERTAIN FOR COLLEGE STUDENTS

Students from Out of Town are Given Warm Welcome — Many Accept Invitation of Various Churches.

The protestant churches of Jacksonville issued invitations to students of all the colleges in the city, to attend church entertainments in the several churches last night. These entertainments were held especially for the college students. A large number of people were at the churches and enjoyed a pleasant evening. All the churches co-operated in this plan and the response to the kindly invitation was all that could be expected.

An event of this kind brings the young people together and serves as a medium thru which they can become acquainted with one another. It increaaes the student interest in the churches and their work and develops the spirit of cooperation between the churches and colleges. The following churches entertained:

State Street

About 75 young people gathered at this church. A program of games were played. The program consisted of the following games: A drawing to divide the assembly into groups. This was accomplished by each person drawing a slip of paper containing a part of a Mother Goose rhyme, all members having parts of the same rhyme were placed in a group, then the group acted out the rhyme. Then came a general handshake. Five persons in the party had prizes. These were given to the twenty-fifth person they shook hands with; a guessing game in which blank spaces in a story was to be filled with a flower or vegetable; a shopping game, a game in which some sentence was given to represent the lettering on a penny, and a kangaroo game concluded the entertainment. Refreshments were served.

First Baptist

Quite a number of young people gathered at First Baptist church. They enjoyed a pleasant and mirthful evening. Refreshments were served.

Grace Methodist

About 225 students and others affiliated with the Grace church gathered there. All the schools in the city were represented.

Games of all kinds were played and Musical Kirk gave some selections on his electrical banjo. Miss Mildred Key of Illinois Woman's college sang a solo. Those present were divided into groups, each group singing a song. It is needless to say some excellent music was furnished in this way. Prizes were given in some of the games, Misses Hackett and Keys winning first prizes and B. F. Lane the booby prize. Refreshments of coffee, sandwiches and pickles were served. This church extends an invitation to all young people of the city to attend the Sunday school services on Sunday morning and Epworth League to be held Sunday night.

Central Christian

At the Christian church last night an excellent musical program was given. Solos were sung by Misses Louise Miller, Kathryn Miller, Mildred Mayer and Helen Carpenter, all of this church. Miss Esther Harper gave a reading which was well received. Those who attended were on their arrival divided into groups of eight. Each group then staged an impromptu play. Some of these short plays were very good. The rooms were tastefully decorated for the occasion. Delicious refreshments of sandwiches, ice cream and cocoa were served. Rev. Mr. Pontius gave an address welcoming the new comers to the church. About one hundred was present.

Centenary

The committee in charge of the entertainment given at Centenary church was composed of Mrs. Gowdy, Mrs. Metcalf, Clarence Taylor and Mrs. Walker. Some good musical selections were given. The evening was spent in playing games and in conversation. Refreshments were served.

Congregational

Between 60 and 70 persons gathered at Congregational church last night. Games were played and several amusing stunts performed. Refreshments consisting of ice cream and cake were served. The committee in charge of the affair was composed of Miss Lillian Havenhill, Miss Irene Merrill, Mrs. W. A. Fay and Miss Flora Taylor.

MRS. VINCENT DIED AT DENVER HOME

Well Known Graduate of Woman's College Passes Away Following Long Illness.

Messages from Denver have been received by Dr. Harker announcing the death of Mrs. Minerva Masters Vincent on last Friday, Sept. 24 in Denver.

Mrs. Vincent had been frail in health for more than a year and since the several months of illness of her husband Rev. Bethnel J. Vincent, D. D., and his death a few weeks ago her fragile strength gave way and her willing spirit was released to join the many loved ones who await her beyond the passing.

Minerva Masters was a graduate of Illinois Woman's College in the class of 1855 and has always manifested keen and loyal interest in her Alma Mater with an especial happiness in the advancement made during recent years.

After her marriage Dr. Vincent's labors in the Methodist ministry took him to the pastorate of influential churches in the east and every where his wife moved an insiration and pastoral helper with rare gifts of wisdom and winsome friendliness.

When the chautauqua movement was in its incipient stage, and on thru all the years since its organization, Dr. and Mrs. B. L. Vincent have been the able coadjutors of their brother, Bishop John H. Vincent, in the plans made and carried out in the development of this great institution. For about forty consecutive summers they were at the annual chautauqua assembly at Jamestown, New York, helping with the program and conducted classes in Christian Ethics and S. S., training classes for primary teachers and was president of the chautauqua woman's club from its organization until illness compelled resignation about three years ago.

A number of years ago consideration of health took them back to Denver, where they had at an earlier date spent a few years, and there among many friends, and much activity in the church and other organizations, for Mrs. Vincent especially in the Y. W. C. A., they have in happiness concluded their labors and entered the new life prepared for those who have advanced God's Kingdom among men.

The funeral service for Mrs. Vincent was held in the Warren Memorial church last Sunday.

Surviving her are her sons, Dr. Henry Vincent of Erie, New York, a well known organist, and Leon Vincent of New York, a public speaker who has been heard here on the chautauqua platform.

SPECIAL NOTICE

All Trustees Passavant Hospital, all team workers and captains in the drive for Passavant Hospital are urged to be present at luncheon at Centenary church at 12 o'clock noon, to go over plans. Be sure and come.

At Westminster.

Another of the socials for college students was given in the parlors of Westminster church. There more than 100 young people gathered and the hours were very joyously spent. Yellow flowers were used profusely in the decorations and the program of games and other amusements was such as to completely occupy the time.

The general committee included Misses Ruth Waggoner, Eleanor Moore, Hannah Watkinson and Stella Gilbert. The entertainment committee consisted of Misses Margaret Moore, Susan Rinehart and Clara Moore, Messrs. George Drennan and Lane Thompson.

In one of the contests prizes were won by Miss Marion UpDeGraff and Harvey Gunn.

MURRAYVILLE BOY DIES FROM INJURIES

Walter Scott Lambert Dies From Injuries Received in Runaway —Coroner Rose Held Inquest.

Walter Scott Lambert died at his home near Murrayville Thursday as the result of injuries received in a runaway Wednesday.

Lambert was injured about noon Wednesday when he was thrown from a wagon in which he was riding with his stepfather, J. L. Lambert, the wheels of the wagon passing over his body.

Dr. J. H. Spencer was called and took the injured lad to his house in his car. An examination showed there were no broken bones but the boy was suffering greatly from shock. He gradually grew weaker and death came at 10 o'clock Thursday morning.

Coroner Rose was notified of the death and went to Murrayville and held an inquest Thursday afternoon. The jury was composed of the following, Dr. J. H. Spencer, foreman; S. W. Hidden, Eliabeth Fisher, Lydia Israel, Fred Simpson, Fred Still, clerk.

The jury only heard the testimony of Dr. Spencer and J. L. Lambert, the boy's stepfather. Mr. Lambert said he and the boy were returning home from Murrayville Wednesday morning when the team of mules they were driving became frightened at an automobile and ran away. The boy was thrown out and the wheels of the wagon passed over him. Witness said he summoned Dr. Spencer immediately who gave medical aid.

Dr. Spencer told the jury of being called and finding the boy suffering greatly from shock. He was called again Thursday morning and found the patient growing weaker. He gave as his opinion that internal injuries caused death. The jury returned a verdict in accordance with the facts.

PURE BRED STOCK SOLD THURSDAY

Way & Fairbank Offerings in Good Demand

The annual Way & Fairbank Poland China hog sale was held at Oak Valley farm one mile south of Concord Thursday afternoon. There was a good attendance and the forty animals offered brought satisfactory prices. The levels at none of the sales this fall are as high as they were last year because different conditions prevail. It is said that at a purebred sale held recently in Sangamon county the stock did not average more than market prices.

The auctioneers yesterday were J. L. Henry, C. J. Wright and W. H. Crum, and the clerks were Messrs. Way and Hamm. The ladies of Concord church served lunch.

The highest price was $130 paid by F. Hierman of Arenzville for a yearling gilt. Most of the offerings were of younger stock. Among sales were the following:

Boar, $42.50, Albert Richardson.

CHURCHES ENTERTAIN FOR COLLEGE STUDENTS

Students from Out of Town are Given Warm Welcome — Many Accept Invitation of Various Churches.

The protestant churches of Jacksonville issued invitations to students of all the colleges in the city, to attend church entertainments in the several churches last night. These entertainments were held especially for the college students. A large number of people were at the churches and enjoyed a pleasant evening. All the churches co-operated in this plan and the response to the kindly invitation was all that could be expected.

An event of this kind brings the young people together and serves as a medium thru which they can become acquainted with one another. It increaaes the student interest in the churches and their work and develops the spirit of cooperation between the churches and colleges. The following churches entertained:

State Street

About 75 young people gathered at this church. A program of games were played. The program consisted of the following games: A drawing to divide the assembly into groups. This was accomplished by each person drawing a slip of paper containing a part of a Mother Goose rhyme, all members having parts of the same rhyme were placed in a group, then the group acted out the rhyme. Then came a general handshake. Five persons in the party had prizes. These were given to the twenty-fifth person they shook hands with; a guessing game in which blank spaces in a story was to be filled with a flower or vegetable; a shopping game, a game in which some sentence was given to represent the lettering on a penny, and a kangaroo game concluded the entertainment. Refreshments were served.

First Baptist

Quite a number of young people gathered at First Baptist church. They enjoyed a pleasant and mirthful evening. Refreshments were served.

Grace Methodist

About 225 students and others affiliated with the Grace church gathered there. All the schools in the city were represented.

Games of all kinds were played and Musical Kirk gave some selections on his electrical banjo. Miss Mildred Key of Illinois Woman's college sang a solo. Those present were divided into groups, each group singing a song. It is needless to say some excellent music was furnished in this way. Prizes were given in some of the games, Misses Hackett and Keys winning first prizes and B. F. Laue the booby prize. Refreshments of coffee, sandwiches and pickles were served. This church extends an invitation to all young people of the city to attend the Sunday school services on Sunday morning and Epworth League to be held Sunday night.

Central Christian

At the Christian church last night an excellent musical program was given. Solos were sung by Misses Louise Miller, Kathryn Miller, Mildred Mayer and Helen Carpenter, all of this church. Miss Esther Harper gave a reading which was well received. Those who attended were on their arrival divided into groups of eight. Each group then staged an impromptu play. Some of these short plays were very good. The rooms were tastefully decorated for the occasion. Delicious refreshments of sandwiches, ice cream and cocoa were served. Rev. Mr. Pontius gave an address welcoming the new comers to the church. About one hundred was present.

Centenary

The committee in charge of the entertainment given at Centenary church was composed of Mrs. Gowdy, Mrs. Metcalf, Clarence Taylor and Mrs. Walker. Some good musical selections were given. The evening was spent in playing games and in conversation. Refreshments were served.

Congregational

Between 60 and 70 persons gathered at Congregational church last night. Games were played and several amusing stunts performed. Refreshments consisting of ice cream and cake were served. The committee in charge of the affair was composed of Miss Lillian Havenhill, Miss Irene Merrill, Mrs. W. A. Fay and Miss Flora Taylor.

MRS. VINCENT DIED AT DENVER HOME

Well Known Graduate of Woman's College Passes Away Following Long Illness.

Messages from Denver have been received by Dr. Harker announcing the death of Mrs. Minerva Masters Vincent on last Friday, Sept. 24 in Denver.

Mrs. Vincent had been frail in health for more than a year and since the several months of illness of her husband Rev. Bethnel J. Vincent, D. D., and his death a few weeks ago her fragile strength gave way and her willing spirit was released to join the many loved ones who await her beyond the passing.

Minerva Masters was a graduate of Illinois Woman's College in the class of 1855 and has always manifested keen and loyal interest in her Alma Mater with an especial happiness in the advancement made during recent years.

After her marriage Dr. Vincent's labors in the Methodist ministry took him to the pastorate of influential churches in the east and every where his wife moved an insiration and pastoral helper with rare gifts of wisdom and winsome friendliness.

When the chautauqua movement was in its incipient stage, and on thru all the years since its organization, Dr. and Mrs. B. L. Vincent have been the able coadjutors of their brother, Bishop John H. Vincent, in the plans made and carried out in the development of this great institution. For about forty consecutive summers they were at the annual chautauqua assembly at Jamestown, New York, helping with the program and conducted classes in Christian Ethics and S. S., training classes for primary teachers and was president of the chautauqua woman's club from its organization until illness compelled resignation about three years ago.

A number of years ago consideration of health took them back to Denver, where they had at an earlier date spent a few years, and there among many friends, and much activity in the church and other organizations, for Mrs. Vincent especially in the Y. W. C. A., they have in happiness concluded their labors and entered the new life prepared for those who have advanced God's Kingdom among men.

The funeral service for Mrs. Vincent was held in the Warren Memorial church last Sunday.

Surviving her are her sons, Dr. Henry Vincent of Erie, New York, a well known organist, and Leon Vincent of New York, a public speaker who has been heard here on the chautauqua platform.

At Westminster.

Another of the socials for college students was given in the parlors of Westminster church. There more than 100 young people gathered and the hours were very joyously spent. Yellow flowers were used profusely in the decorations and the program of games and other amusements was such as to completely occupy the time.

The general committee included Misses Ruth Waggoner, Eleanor Moore, Hannah Watkinson and Stella Gilbert. The entertainment committee consisted of Misses Margaret Moore, Susan Rinehart and Clara Moore, Messrs. George Drennan and Lane Thompson.

In one of the contests prizes were won by Miss Marion UpDeGraff and Harvey Gunn.

MURRAYVILLE BOY DIES FROM INJURIES

Walter Scott Lambert Dies From Injuries Received in Runaway —Coroner Rose Held Inquest.

Walter Scott Lambert died at his home near Murrayville Thursday as the result of injuries received in a runaway Wednesday.

Lambert was injured about noon Wednesday when he was thrown from a wagon in which he was riding with his stepfather, J. L. Lambert, the wheels of the wagon passing over his body.

Dr. J. H. Spencer was called and took the injured lad to his house in his car. An examination showed there were no broken bones but the boy was suffering greatly from shock. He gradually grew weaker and death came at 10 o'clock Thursday morning.

Coroner Rose was notified of the death and went to Murrayville and held an inquest Thursday afternoon. The jury was composed of the following, Dr. J. H. Spencer, foreman; S. W. Hidden, Eliabeth Fisher, Lydia Israel, Fred Simpson, Fred Still, clerk.

The jury only heard the testimony of Dr. Spencer and J. L. Lambert, the boy's stepfather. Mr. Lambert said he and the boy were returning home from Murrayville Wednesday morning when the team of mules they were driving became frightened at an automobile and ran away. The boy was thrown out and the wheels of the wagon passed over him. Witness said he summoned Dr. Spencer immediately who gave medical aid.

Dr. Spencer told the jury of being called and finding the boy suffering greatly from shock. He was called again Thursday morning and found the patient growing weaker. He gave as his opinion that internal injuries caused death. The jury returned a verdict in accordance with the facts.

PURE BRED STOCK SOLD THURSDAY

Way & Fairbank Offerings in Good Demand

The annual Way & Fairbank Poland China hog sale was held at Oak Valley farm one mile south of Concord Thursday afternoon. There was a good attendance and the forty animals offered brought satisfactory prices. The levels at none of the sales this fall are as high as they were last year because different conditions prevail. It is said that at a purebred sale held recently in Sangamon county the stock did not average more than market prices.

The auctioneers yesterday were J. L. Henry, C. J. Wright and W. H. Crum, and the clerks were Messrs. Way and Hamm. The ladies of Concord church served lunch.

The highest price was $130 paid by F. Hierman of Arenzville for a yearling gilt. Most of the offerings were of younger stock. Among sales were the following:

Boar, $42.50, Albert Richardson.
Boar, $37.50, H. O. Smith.
Boar, $52.50, J. L. Henry.
Yearling boar, $67.50, Charles Hadden.
Boar, $72.50, Daniel Dietrick.
Boar, $40, Ross Kost.
Gilt, $37.50, F. Hierman.
Boar, $37.50, William Perbix.

Your Fall Suit or Coat and the Printzess Label

PRINTZESS designers have repeatedly created new styles of surpassing charm and their models for Fall are no exception to the rule. Full of surprises, these PRINTZESS coats and suits are lovely innovations of fashion for the woman who seeks "Distinction in Dress" always characteristic of this line.

And the label that's sewn in the collar of every PRINTZESS garment. It is like the name written at the bottom of a Promissory Note or a Deed. "PRINTZESS" on a coat or suit means that a manufacturing house of standing assumes responsibility for it. Behind the label are years of patient endeavor, the keenest skill of selected and superior workers, long experience in judgment and quality, and an established history of honesty.

John C. Paradice Gets Veterans Jewel from Illini Lodge — Writes Beautiful Acknowledgement.

Recently Illini Lodge, No. 4, I. O. O. F., sent to John C. Paradice, a member now resident of Keokuk, Iowa, the jewel emblematic of fifty years membership in the order.

At the meeting of the lodge held last Tuesday evening a letter was read from Mr. Paradice acknowledging the receipt of the jewel. It is a beautifully written effort and is given hereunder:

Noble Grand, Officers and Members of Illini Lodge No. 4, I. O. O. F., Jacksonville, Ill.:

Fifty years is a long time for an Odd Fellow to tarry at a Shrine of the order before becoming eligible to the Golden Degree. So long that only a fraction of one per cent of all initiated into the order survive the inevitable to celebrate the golden wedding of lodge life. To attain the goal, one must live in borrowed time—beyond the limits of the span of life—the full meaning of which is not found in words, but expressed in callous hands, emaciated bodies, impaired vision, gray hair — only a vapor of former vigor and manhood—far down in the horizon—soon to vanish away.

So infrequently is the Golden Degree conferred that Subordinate and grand lodges look upon the ceremony as something extraordinary, and the candidate who successfully weathers the storms of the trip is decorated with an inscribed insignia—a jewel of intrinsic significance—automatically working as a key and password into the realms of Odd Fellowship wherever planted on this whirling world. But too late, too late, to avail the glory of it.

Brothers, this insignia—jewel of 50 years' continuous membership in Illini Lodge—has come to me. You have so decreed, and I profoundly thank you. While I am proud of the achievement, it does not bring me happiness—instead, sadness. As memory turns the leaves, I feel and know its meaning. In it I see the dawn of half century of time, and the twilight to fathomless eternity. I reluctantly view the portal separating the two—through which I must pass from one to the other. This old world is good enough for me. And yet, I would not have you think me ungrateful, inappreciative. Oh, no; not that. Way down in the love-cells of my heart is a murmuring benediction not pulsated in words, but throbbed in fraternal tears.

It is not while youth and beauty surround us
That brothers or friends can be put to the test;
'Tis but when three score years and ten have bound us
We find which the hearts are that love us the best.

In youth, love's light burns warm and bright,
But it dies 'ere the winter of age be past;
While Odd Fellowship's flame burns ever the same,
Or grows but the brighter, the nearer the last.

MRS. PARSONS TELLS [illegible]

Gives Some Interesting Phases of Work of Americanization in Which She is Engaged — Was Established by Graham Taylor.

Wednesday evening at the midweek meeting of the Congregational church Mrs. Mary Parsons gave an interesting account of the great work of the Chicago commons of which Graham Taylor is the head.

When that gentleman went to Chicago he said he felt it his duty to live where he could be of some benefit to the immediate community in which his residence was situated and for that reason he chose a part of the city inhabited mainly by foreigners and several others followed his fine example.

Many warned him that it was no place in which to bring up a family but he felt the call of duty and has had no reason to regret. He reared four children there and they have grown up a credit to their parents. Even they have not had the usual childish complaints, measles, mumps and the like and one of the girls, speaking of it, said the germs were so thick in the schools she attended it must be they ate each other.

The work began in an humble manner but has grown to wonderful proportions. A large house is now used and more room yet could be put to good use in the great work. The effort is to Americanize the imigrant and this is done mainly thru the children tho of late adults are showing an anxiety to know the language of their adopted land.

Teach Useful Occupations

The effort is to teach that which is useful, trades to the boys and domestic science to the girls. There are some musical geniuses too and they have a chance to develop their powers. Then all kinds of amusements are provided as far as possible. Gymnasiums, playgrounds and the like are furnished and much is accomplished that way with the young.

One unfortunate thing is to be noticed. When a child of a foreigner gets a pretty good knowledge and use of the English language he looks down on his parents sometimes. One case was mentioned where a boy had been unruly and when his father proposed punishment he said he was not going to be licked by a foreigner.

The commons supplies all sorts of wants. Women come there when they lose their children and when they have trouble at home. They expect the officials to be able to accomplish everything and seem surprised to find it otherwise.

One woman came in great trepidation regarding her little toddler who had not been seen for many hours. Search was instituted and the police office of the district visited and finally it was discovered that the child had merely gone to one of the neighbors.

Musical Talents Developed

There are many encouraging features of the work. Many kind friends give assistance in the way of instruction free. Sometimes among the Italians fine voices are discovered and sometimes these persons are developed by generous persons.

Chorus classes are taught and in many ways the all important work of teaching immigrants to become useful American citizens is carried on just as far as possible. Graham Taylor is one of the rare men possessing great intellect and administrative ability. He devotes his superior talents to welfare of the Master's little ones. Mrs. Parsons has an important position in the work and is filling it capably.

T. B. Reeve of the local postoffice has received a number of newspaper clippings giving accounts of entertainments given in honor of G. S. Craig a former resident of this county, who is retiring from postal service in Kansas City after a service of thirty-two years.

Mr. Craig was a native of Morgan county and was reared in the Salem neighborhood east of the city. He left Jcksonville about thirty-five years ago and went to Kansas City and shortly afterward entered postal work, remaining in it continuously.

At a banquet given by Mr. Craig at the Coates in honor of eleven other retiring employes, the host was presented with a gold watch fob. There were several other events in honor of Mr. Craig.

Mr. Craig's wife and daughter have gone to California for the winter. He expects to go south with the view of locating. As yet he has no idea where he will locate.

Boudoir talks with Sybel on the merits of cocoa butter for facial massage

After a glimpse of Sybel's pink and white complexion you can just imagine how I drank in every word of the lesson she gave me in facial massage.

"We're really as dirty as little street urchins, honey, only we take the outer layer off. Dust and dirt seek the pores of the skin and stuff them up so they can't breathe. We ought to *thoroughly* purify the face at least twice a week to retain our natural bloom.

"I can just see mother's French maid, Nanette, using cocoa butter, a wonderful skin food, to keep mother's face soft and youthful. I use only Coco-Bloom — a cocoa butter cream that contains the purest of beneficial ingredients.

"Dab it on and rub it in thoroughly. Begin at the chin and rub carefully using a rotary motion. Rub around the eyes — that keeps them from looking tired. Chase the frown wrinkles away by rubbing towards the temples. Since your facial muscles are bound to sag after you've passed girlhood days — tap the chin and cheeks to strengthen them.

"Then wipe the Coco-Bloom off with a course towel and always apply hot towels to clean the pores followed by cold ones to close them—with a dash of witch hazel as an astringent.

"Coco-Bloom applied each night to cleanse the face with a wee bit of massage keeps the skin clear and just like velvet.

"Remember, Coco-Bloom is *cocoa butter cream*, and it supplies exactly what is needed to make your skin healthy."

EAST STATE STREET PAVING WORK BEGINS

Yesterday was an epochal day in Jacksonville, for work on the East State street paving was begun. Contractor Williams put a force of men at the task of removing the old pavement. Part of his equipment is here and the remainder will be received in the course of the next few days and the working force considerably increased.

George Wiseman is the inspector on the job and there is every indication that the paving work is to proceed in such a way that the street can be open for traffic this fall.

RETURN FROM AUTO TRIP THRU EAST

Mr. and Mrs. J. H. Scott Spent Week Touring Thru Eastern States—Found Much of Interest.

Mr. and Mrs. J. H. Scott of 844 West North street, and their foster son, D. E. Horton, have returned after an extended motor trip thru the eastern states. The party left Jacksonville August 11 and returned Wednesday, September 29.

The trip was made over the Ocean to Ocean Trail (National Highway) and good roads were found in Indiana, Ohio, Pennsylvania, West Virginia and New York state.

On leaving Jacksonville the party went to Indianapolis, and then visited the following cities: Columbus, Atlantic City, Wheeling, W. Va.; Clifton, N. J.; Buffalo and New York City. The party thence crossed the border into Canada and returned via Cleveland and Toledo.

At Richmond, Ind., they found a splendid camping place in one of the city parks. Mrs. Scott said that all along the route people were very courteous and that they received several invitations to camp in yards and in some instances were asked to take rooms in homes.

Mr. and Mrs. Scott and son enjoyed the trip immensely and feel greatly rested.

MEETING WAS HARMONIOUS ONE

Republicans Caucused in Chicago Thursday — Pittsfield Woman Named as University Trustee

John J. Reeve returned Thursday evening from Chicago where he attended the meeting of the two state central committees.

The meetings were held in the Great Northern hotel and Mr. Reeve said that the utmost harmony existed thruout. There seemed to be the desire to give and take and the thought uppermost was the success of the party at the November election.

There was a large attendance and it was decided that an advisory committee be selected to work in conjunction with the state committees. This committee will consist of one person appointed by each of the candidates including the candidate for United States senator and congressman at large.

The meeting also named Mrs. Earl S. Grigsby of Pittsfield as candidate for trustee of the University of Illinois and her name will be placed on the ballot.

Mrs. Reeve who accompanied Mr. Reeve to Chicago, will join a party of women there for the journey to Marion, Ohio, where they will hear an address by Senator Harding.

THE LIFE AND LABORS OF PAUL AT GRACE M. E.

Beginning next Sunday morning, the pastor of Grace Methodist Episcopal church will deliver a series of Sunday morning sermons on "The Life and Labors of Paul." No man that has lived since the days of Christ has so influenced men and nations as Paul. Nero's palace has crumbled to dust, but the work of Paul endures. Emerson said: "There is properly no history, only biographies of all time. Young and old will be wiser and better by knowing this world traveler, missionary, and prophet whose life and labors involved kingdoms and empires, and the whole course of human destiny. These addresses are designed to be particularly helpful to young people in High school and college. This series of studies will consist of the following subjects which will be given as indicated.

Training of Paul."

TRIBUTE TO MR. MONTGOMERY

Students and Faculty Members at School for Blind Pass Resolutions.

In recognition of the worth of the late H. C. Montgomery and in testimony of their friendship for him, students and faculty of the State School for the Blind recently adopted resolutions. Mr. Montgomery served for three years as superintendent of the School for the Blind and his work there was of a successful kind. In addition, he so conducted himself and so managed the affairs of the school that the respect and good will of his associates was secured.

The committee appointed to present the resolutions included Louise B. Inglis, E. H. Filson, Helen McDougall James, Mary Reed, L. W. Rodenberg and Josephine Harmon.

The resolutions, after referring to Mr. Montgomery's twenty-nine years of educational work and his three years at the School for the Blind, pay this tribute:

"Mr. Montgomery had great love for everything in nature. He stood for methods of courtesy and kindness. His honesty and straightforwardness, his quick and telling common sense, his careful mature judgments, characterized his work among us. At all times sane, simple, reasonable, he handled many matters in our school with discretion, moderation and true wisdom—a modest man of courage, dignity and serenity, who was true to his friends and true to his associates; a man who had high ideals of life, and by his example inspired those under his care to strive for more excellent things."

Deaths

Bell.

R. W. Dodsworth has received news of the death of his sister, Mrs. Robert Bell at her home in Mt. Harnill, Iowa, Thursday afternoon at 1:45 o'clock.

Miss Bell was formerly Miss Dodsworth and was the daughter of the late Stephen Dodsworth. She was born near Jacksonville and lived near Jacksonville until her marriage to Robert Bell. After the marriage, she and her husband moved to Mt. Harnill, where they have lived since. At the time of her death she was seventy-three years old. She leaves to mourn her death a brother, R. W. Dodsworth, of Jacksonville, and a sister, Mrs. Mary E. Stimpson, of Elderado, Kansas.

Mrs. Bell was a woman of attractive personality and fine character. Wherever she lived her influence was for good and thru the years she attracted and kept friends. So the news of her death will be heard by many with genuine regret.

JACKSONVILLE TO PLAY HANNIBAL

Missouri Team Will Be Here Saturday—The Game Will Start Promptly at 2 o'Clock.

Coach Mitchell's high school team will have Hannibal High as opponents on Illinois field Saturday afternoon. Owing to the fact that Hannibal must return home on the 5:20 train the game will be started promptly at 2 o'clock.

The past few days has been good football weather and Coach Mitchell has been giving his men strong workouts. The men scrimmaged against the college team Wednesday evening and both teams benefitted by the workout. It was especially good for the high school who gained much experience from the college men.

The local squad has shown considerable improvement the past week and the team will be working much smoother than it did in the game against Beardstown last Saturday. All of the men came out of that game in good shape with the exception of Gard and, because of the cooler weather, are in better physical trim than a week ago.

Coach Mitchell said last night that he did not know much about the strength of the visitors but was prepared to give them the best he has. He believes that the best will be good enough to win. John Larson will referee.

The team will line up as follows: Lewis, le; Gard, lt; G. Cockin, lg; Hackett, c; E. Arnold, rg; Bray, rt; Reynolds, re; Alexander, qb; Hunt, lh; Arterstruck, rh; H. Cockin, fb.

FARMER GRAIN MEN HAVE SUPPLY FIRM

Six Hundred Elevator Concerns Will Buy Side Lines Jointly.

The directors of the Farmers' Grain Dealers' association of Illinois met in Peoria September 20 and laid plans for a central purchasing agency thru which the 600 farmers' elevators of the state may secure their stocks of side lines at reasonable wholesale rates.

The new company is to be known as the Farmers' Elevator Co-operative Supply Company of Illinois, it is to have a capital stock of $100,000. The stock of this new company is being offered to farmers' elevator companies only. It is estimated that the farmers' elevator companies in Illinois handle $25,000,000 worth of side lines annually and it is believed that a large part of these supplies will be purchased thru the central supply company. Coal represents 10 per cent of the total volume of side lines handled by the farmers' elevators and the organizers of the central supply company figure that a brokerage of 10 per cent per ton on all the coal handled by the farmers' elevators in this state would pay the expense of maintaining a supply company and leave a good balance besides.

Member companies will not be obliged to buy from the central supply company but profits will be pro rated on a patronage basis after a dividend representing a fair rate of interest has been paid on the stock. The temporary directors named in the articles of incorporation of the Farmers' Elevator Co-operative Supply Co. are John Miller, J. U. Surface, Fred Mudge, R. B. Orendorff and Lawrence Farlow, all officers of the Farmers' Grain Dealers' Association of Illinois.

RETURN FROM AUTO TRIP THRU EAST

Mr. and Mrs. J. H. Scott Spend Week Touring Thru Eastern States—Found Much of Interest.

Mr. and Mrs. J. H. Scott of 844 West North street, and their foster son, D. E. Horton, have returned after an extended motor trip thru the eastern states. The party left Jacksonville August 11 and returned Wednesday, September 29.

The trip was made over the Ocean to Ocean Trail (National Highway) and good roads were found in Indiana, Ohio, Pennsylvania, West Virginia and New York state.

On leaving Jacksonville the party went to Indianapolis, and then visited the following cities: Columbus, Atlantic City, Wheeling, W. Va.; Clifton, N. J.; Buffalo and New York City. The party thence crossed the border into Canada and returned via Cleveland and Toledo.

At Richmond, Ind., they found a splendid camping place in one of the city parks. Mrs. Scott said that all along the route people were very courteous and that they received several invitations to camp in yards and in some instances were asked to take rooms in homes.

Mr. and Mrs. Scott and son enjoyed the trip immensely and feel greatly rested.

MEETING WAS HARMONIOUS ONE

Republicans Caucused in Chicago Thursday — Pittsfield Woman Named as University Trustee

John J. Reeve returned Thursday evening from Chicago where he attended the meeting of the two state central committees.

The meetings were held in the Great Northern hotel and Mr. Reeve said that the utmost harmony existed thruout. There seemed to be the desire to give and take and the thought uppermost was the success of the party at the November election.

There was a large attendance and it was decided that an advisory committee be selected to work in conjunction with the state committees. This committee will consist of one person appointed by each of the candidates including the candidate for United States senator and congressman at large.

The meeting also named Mrs. Earl S. Grigsby of Pittsfield as candidate for trustee of the University of Illinois and her name will be placed on the ballot.

Mrs. Reeve who accompanied Mr. Reeve to Chicago, will join a party of women there for the journey to Marion, Ohio, where they will hear an address by Senator Harding.

A. H. Kenniebrew, M. D.,
Surgeon in Charge

W. H. Morse, of Seattle, Wash., who says he can now turn out as much work as he could thirty years ago, in spite of his age. Gives Tanlac credit for his splendid health.

"I am in my eighty-fifth year, but since taking Tanlac I am as hale and hearty as I ever was and can do as much work as I could thirty years ago," declared W. H. Morse, of 52 Blaine St., Seattle, Wash. Although in his eighty-fifth year, Mr. Morse is still daily to be found engaged in hard work down at the Ames Shipyard and is remarkably well preserved for his years.

"Last spring I had an attack of the flu that left me in a very badly run-down condition and so weak that I could hardly get around. For a long while I had a very bad cold that I couldn't shake off and my bronchial tubes were so choked up that I was coughing all the time. I had no appetite and in fact ate so little that I was steadily losing weight. I couldn't sleep at nights and became much worried about my condition, because I couldn't find anything to straight en me up and restore my lost strength.

"I saw by the papers what fine work Tanlac was doing for other folks, so I got some for myself. It did me good right from the start, for in a very short while my cough left me, and I was eating fine and sure did enjoy every mouthful. I slept better at nights and was soon feeling much better in every way. I have gained seven pounds in weight and am so much stronger that I can turn out about as much work as most any other man, in spite of my years. Tanlac certainly must be a great medicine to put me on my feet like it has, and I'm glad of the chance to tell everybody about it."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shreve Drug Store and by the leading drugstore in every town.—Adv.

Only 4% Is Fit to Mill Into Valier's Enterprise Flour!

Think of it!

Of the whole hard winter wheat crop only one twenty-fifth is good enough to be milled into Valier's Enterprise Flour.

The rest is fine to look at, but it's weak. It lacks gluten. Rain and warm weather speeded up growth so much that it outgrew its strength.

The four per cent of the crop that is up to Enterprise standard grew only on the few spots where there wasn't so much moisture. It developed more slowly into thinner, harder grain, strong and full of gluten.

To search it out from the rest of the crop is no easy matter. But with no other wheat can we make flour that will give the same fine results that you have always had with Enterprise.

So we hustled around and got it. Every bushel cost the highest premium we have ever paid, but its quality makes it well worth it.

As you'd expect, Enterprise costs slightly more than ordinary flour. But you can get better, more reliable bakings with it. And a sack will last noticeably longer.

Enough men to swing the Presidential election

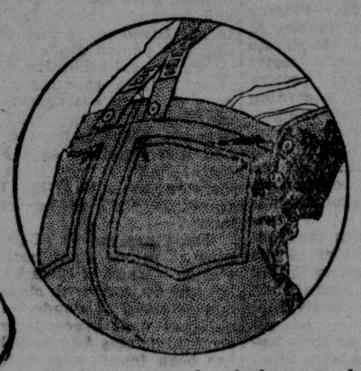

No presidential candidate has ever beaten an opponent by a number of votes equal to the number of wearers of Blue Buckle OverAlls—6,000,000 pairs worn a year

IT isn't brass bands or stump speaking that's made these millions of men think alike about overalls. *It's the overalls themselves.*

The first pair of Blue Buckle OverAlls was made twelve years ago in an old deserted Virginia church.

Today, Blue Buckle OverAlls are made in the largest, most up-to-date overall factory in the world. Millions of pairs are now turned out annually.

Here is a sample of the sort of sturdy, careful work you get in Blue Buckles—a back-band that cannot rip—extra broad seams—heavy double stitching—big, convenient pockets reinforced where the strain comes.

Every year more and more men have bought Blue Buckles for *just one reason.*

And that reason is Blue Buckles. Men have come to know that every pair of Blue Buckles they buy always gives full value.

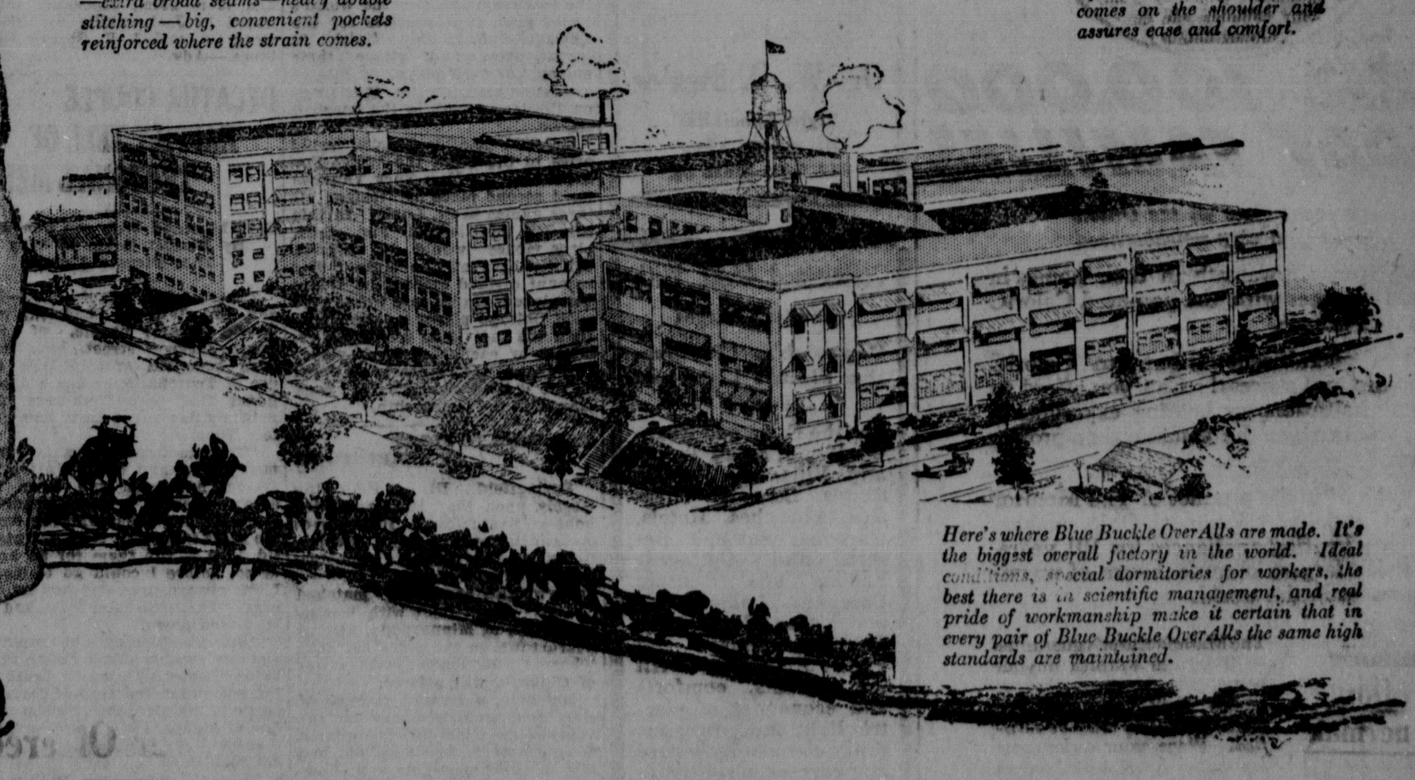

Long wear is woven into the tough, thick denim cloth. Every pair is always big and roomy—always comfortable. The wide, double-stitched seams never rip. The heavy brass buttons and buckles don't rust or break. Every detail has the same sturdy, first-class workmanship—the same careful attention. Big convenient pockets—extra-wide suspenders, a solid back-band, and free sway raglan sleeves on all the coats.

Wear, comfort, looks—you'll find them all in Blue Buckles.

Ask your dealer for a pair today—Men's, Youths' and Children's sizes.

Shoulder and sleeve all in one piece—this is a special Blue Buckle feature. This takes up the strain that normally comes on the shoulder and assures ease and comfort.

Here's where Blue Buckle OverAlls are made. It's the biggest overall factory in the world. Ideal conditions, special dormitories for workers, the best there is in scientific management, and real pride of workmanship make it certain that in every pair of Blue Buckle OverAlls the same high standards are maintained.

WILL CONTINUE INVESTIGATION OF WORLD'S SERIES

Statement to That Effect Made by Justice McDonald

PRESIDENT OF REDS WILL BE CALLED

CHICAGO, Sept. 30.—A declaration that the investigation of the 1919 world's series baseball scandal would be continued by the Cook county grand jury which will be constituted a special grand jury, was made in a statement issued today by Justice Charles A. McDonald, who ordered the inquiry.

Every suspicious game, he declared, that has been played within the last 18 months in either the National or the Aemrican league will come within the "purview of the investigation."

The investigation which has resulted in the voting of true bills against eight White Sox players including "Chick" Gandill, who not with the team this year, the judge declared, still has much to accomplish.

Will Continue Work.

"To this end,' he added, "the present grand jury will be incorporated as a special body on Saturday and will go ahead until it has sifted the evidence to the last incriminating fact. Every suspicious game which has been played within the last eighteen months in either league will be within the purview of the investigation. Because of the statute of limitations that is as far back as the jury can go.

"There need be no doubt about the prosecution of guilty players and their co-conspirators. None of those who have confessed have been granted immunity; in fact each has specially waived it.. Of course it will be natural for the prosecution to take into consideration services which the indicted men have performed for the state, but that does not mean they will escape indictment."

August Hermann, president of the Cincinnati Reds last year's pennant winners and former chairman of the National Baseball commission who today was asked by the grand jury to present whatever documents he may have bearing on the 1919 series and Clyde Elliott, motion picture man who aided Charles Comiskey, president of the Chicago White Sox in his investigation of the series are to be the next witnesses before the grand jury it was said tonight.

It was also asserted that efforts would be made to obtain statements from two additional White Sox players who have been suspended, as to their part in throwing games.

REWARD MAY COME TO WHITE SOX TEAM

Loyal Players May Get More Money Because of Suspension of Guilty Players.

CHICAGO, Sept. 30.—Players who remained loyal to Charles A. Comsikey, president of the White Sox in the last world's series against Cincinnati may receive their reward this year, according to statistics figured out tonight. In figuring this problem attention was called to the small number of eligible players remaiaing on the White Sox club, who would share in the money. The problem has many possiblities,

If the Wihte Sox win the pennant and engage Brooklyn in the titular series, even tho they should be defeated the losers' share when divided among the individual White Sox players would be almost as great as that of their opponents, because of the large number of players on the National League club.

Owing to the rule which gives the second and third place clubs in the leagues a share in the world's series pool, it is possible for the Chicago club, if they finish in second place and divide their money, for each player to receive almost as much as the individual on the losing club in the baseball classic.

Another possible division would arise in the event the White Sox should tie the New York Yankees for a second place by losing all three games to St. Louis. In this case the total second and third place money would be divided equally between the clubs. The amount divided among the White Sox players in that case would give each Chicago player a larger sum than the individual amounts received by each New York player and also would be nearly as much as the individual share of each player on the losing club.

MELCHOIR TO FIGHT AT BEARDSTOWN

Springfield, Ill. — Following closely upon the Herman-Kelley bout at Beardstown, Ill., comes the announcement from George Roumas, Beardstown promoter, that Tony Melchoir, Chicago heavyweight, has been matched for a 10 round fight with Tommy McCarthy, of Minneapolis, also at Beardstown on the night of October 18. Ed Smith, sport writer of Chicago, will referee.

Melchoir, a former Springfield man, holds great promise in the heavyweight class in the opinion of ring experts who have watched him in previous fights. is showing against "Battling" Levinsky, who is to fight Georges Carpentier the French champion in November, and against "Gunboat" Smith, both of whom shaded him in 10 round bouts, is pointed to. Melchoir has a 10 round decision over Chuck Wiggins to his credit also.

McCarthy is credited wit being one of the best heavyweights in the northwest and is expected to give Melchoir an interesting 10 rounds. The men will weigh in at around 185 pounds.

Mrs. Frank Orear and Mrs. Kate Hagerty have returned to their home 1244 West College avenue after spending the summer in Seattle, Tacoma and Vancouver.

PRETTY WEDDING AT SPRINGFIELD HOME

Miss Marie Clendenin Becomes Bride of Dr. Roscoe Ghering of New York City—Bride is Cousin of Mrs. Thomas Harber of This City.

Mr. and Mrs. Thomas Harber were in Springfield Wednesday to attend the wedding of the latter's cousin, Miss Marie Clendenin, to Dr. Roscoe Ghering of New York City. The wedding took place at the home of the bride's parents, Mr. and Mrs. H. W. Clendenin, on South Second street, at 10 o'clock Wednesday morning. The ceremony was performed by Rev. Mr. Parrot, pastor of the First Congregational church of Springfield, and was witnessed by a large company of relatives and friends.

The Clendenin home was beautifully decorated for the occasion, fall flowers being used in the various rooms. Just before the ceremony Mrs. Oscar Zella sang very sweetly two selections, and the bridal party entered the parlor to the strains of the wedding march from Lohengrin. The bride and groom were attended by Mr. and Mrs. Clarence Clendenin.

After the ceremony an elaborate wedding luncheon was served and later Dr. and Mrs. Ghering left for New York City, where they will make their home.

The bride is well known in this city, having at various times been a guest at the Harber home. She is prominent socially in the capital city, where she has spent all her life.

LADY DECLARES IT'S BEST EVER

Two Bottles of Dreco Relieved Gas in Stomach, Constipation. Backache and Nervousness.

Never Has a Dizzy Spell and Sleeps Like a Baby

It is strange that so many people will go on suffering when relief is so close. If they would only read and believe the experience of others who obtained relief from suffering just like their own, life would be much happier. To those who are constipated, nervous, bilious, have gas in the stomach, and backache the advice is given to get Dreco today and get relief like this person did:

"Dreco is decidedly the best remedy I have ever taken. It has relieved me of gastritis, headache, constipation, kidney trouble, biliousness, pains in back and limbs and dizzy spells," said Mrs. Albert F. Miller, who lives at 502 Harmon Ave., Danville, Ill. "It surely is good to be well once more."

There are scores of just these kind of people right here in this section. Many of them have gladly come forward with signed statements telling of wonderful results obtained with Dreco after almost everything else had failed. Dreco has been found most valuable in cases of stomach disorders, kidney and liver complaints, rheumatism, asthma and constipation.

All druggists now sell Dreco and it is being especially introduced in Jacksonville by Coover Drug Co. and J. F. Shreve Drug Store.—Adv.

DECATUR COUPLE HAPPILY TELL OF TRUTONA'S MERIT

Both Man and Wife are Benefited By Perfect Tonic in Way That Pleases Them

Decatur, Ill., Sept. 30.—Mr. and Mrs. William Shadrick, well known Decatur people, of 511 South Jackson street, have both been benefited greatly thru the use of Trutona, and they are confident that many sufferers may gain similar relief from the Perfect Tonic.

"Trutona has made a new woman of me, and done it after my system had been run down for several months," Mrs. Shadrick says. "I had been suffering terrible pains in my left side. At night I'd have to rub them for an hour or so, before I could go to sleep. I was always tired and had no energy. The little food I ate had to be forced down.

"But I'm gaining in weight, and my face is much fuller than before, since I've taken Trutona. I don't suffer the former terrible pains in my side, and I sleep just fine at night. I'm always hungry, it seems. My bowels are in splendid condition.

"I can't speak too highly of Trutona," says Mr. Shadrick. "I'm feeling as young and as full of 'pep' as any school kid nowadays. Before, I was tired and worn out all the time. My appetite was poor, and I didn't sleep well.

"It sure makes a man feel good to sleep well at night as I do, since using Trutona. My appetite has never been better, and my work is really a pleasure, instead of a torture now. Oh, I know I can't praise Trutona too highly, when I think of what the wonderful medicine has done for me."

Trutona is sold in Jacksonville by Coover Drug Co. and J. F. Shreve drug stores, in Franklin by the Wyle Drug Co. and in Waverly by the Wyle Drug Co.—Adv.

BOUTS FOR SPRINGFIELD

Springfield, Ill.—Leo Patterson, of Joplin, Mo., the "Joplin shadow," and lightweight champion of the American Expeditionary Forces, has been matched to box Harry Wills, Jr., of Savannah, Ga., for 10 rounds here October 15. Wills has agreed to make 135 pounds ringside. A six round pionship of Central Illinois, and a 10 round go between Soldier Gannon, of Rockford, and Tommy Connelly, of Springfield, are bout for the lightweight champ among the preliminaries.

The Clendenin home was beautifully decorated for the occasion, fall flowers being used in the various rooms. Just before the ceremony Mrs. Oscar Zella sang very sweetly two selections, and the bridal party entered the parlor to the strains of the wedding march from Lohengrin. The bride and groom were attended by Mr. and Mrs. Clarence Clendenin.

After the ceremony an elaborate wedding luncheon was served and later Dr. and Mrs. Ghering left for New York City, where they will make their home.

The bride is well known in this city, having at various times been a guest at the Harber home. She is prominent socially in the capital city, where she has spent all her life.

LADY DECLARES IT'S BEST EVER

Two Bottles of Dreco Relieved Gas in Stomach, Constipation. Backache and Nervousness.

Never Has a Dizzy Spell and Sleeps Like a Baby

It is strange that so many people will go on suffering when relief is so close. If they would only read and believe the experience of others who obtained relief from suffering just like their own, life would be much happier. To those who are constipated, nervous, bilious, have gas in the stomach, and backache the advice is given to get Dreco today and get relief like this person did:

"Dreco is decidedly the best remedy I have ever taken. It has relieved me of gastritis, headache, constipation, kidney trouble, biliousness, pains in back and limbs and dizzy spells," said Mrs. Albert F. Miller, who lives at 502 Harmon Ave., Danville, Ill. "It surely is good to be well once more."

There are scores of just these kind of people right here in this section. Many of them have gladly come forward with signed statements telling of wonderful results obtained with Dreco after almost everything else had failed. Dreco has been found most valuable in cases of stomach disorders, kidney and liver complaints, rheumatism, asthma and constipation.

All druggists now sell Dreco and it is being especially introduced in Jacksonville by Coover Drug Co. and J. F. Shreve Drug Store.—Adv.

DECATUR COUPLE HAPPILY TELL OF TRUTONA'S MERIT

Both Man and Wife are Benefited By Perfect Tonic in Way That Pleases Them

Decatur, Ill., Sept. 30.—Mr. and Mrs. William Shadrick, well known Decatur people, of 511 South Jackson street, have both been benefited greatly thru the use of Trutona, and they are confident that many sufferers may gain similar relief from the Perfect Tonic.

"Trutona has made a new woman of me, and done it after my system had been run down for several months," Mrs. Shadrick says. "I had been suffering terrible pains in my left side. At night I'd have to rub them for an hour or so, before I could go to sleep. I was always tired and had no energy. The little food I ate had to be forced down.

"But I'm gaining in weight, and my face is much fuller than before, since I've taken Trutona. I don't suffer the former terrible pains in my side, and I sleep just fine at night. I'm always hungry, it seems. My bowels are in splendid condition.

"I can't speak too highly of Trutona," says Mr. Shadrick. "I'm feeling as young and as full of 'pep' as any school kid nowadays. Before, I was tired and worn out all the time. My appetite was poor, and I didn't sleep well.

"It sure makes a man feel good to sleep well at night as I do, since using Trutona. My appetite has never been better, and my work is really a pleasure, instead of a torture now. Oh, I know I can't praise Trutona too highly, when I think of what the wonderful medicine has done for me."

Trutona is sold in Jacksonville by Coover Drug Co. and J. F. Shreve drug stores, in Franklin by the Wyle Drug Co. and in Waverly by the Wyle Drug Co.—Adv.

HE WON'T DROP DEAD ANY MORE
"My husband suffered terribly from stomach and liver trouble, which caused such bloating of gas as to seriously affect his heart. Doctors warned him that he might drop dead at any time from this trouble. A friend in Cleveland advised him to take Mayr's Wonderful Remedy, and since taking it, 4 months ago, he is feeling like a young man again. All his friends are surprised at his appearance." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

Daily Market Rep

WHEAT SUFFERS SEVERE BREAK

CHICAGO, Sept. 30.—Big purchasing of Canadian wheat by millers in the United States had a good deal to do with a severe break today in wheat values here. The market closed heavy, 7½c to 9¼c net lower with December $2.16 to $2.17 and March $2.10¾ to 2.11¼. Corn finished 5½c down to ½c advance, oats off ½@⅝ to 2½c and provisions unchanged to 50c lower.

Selling pressure on the wheat market here came largely from houses with northwestern connections and this fact appeared to give special emphasis to word that further large amounts of Canadian wheat had been bought to come into the United States over and above the quantities announced yesterday. At the same time export business from this country was said to have met with a check, Swiss, German and French buyers asserting they were offered wheat cheaper from elsewhere. India was said to have released 14,000,000 bushels for export notwithstanding recent advices of widespread starvation there.

Estimates that the 1920 corn crop would exceed the government forecast by 82,000,000 bushels had a bearish effect on corn and so too did big receipts and apparent absence of frost damage.

Oats fell with other grain.

Provisions were depressed by the weakness of hogs and cereals

HE WON'T DROP DEAD ANY MORE
"My husband suffered terribly from stomach and liver trouble, which caused such bloating of gas as to seriously affect his heart. Doctors warned him that he might drop dead at any time from this trouble. A friend in Cleveland advised him to take Mayr's Wonderful Remedy, and since taking it, 4 months ago, he is feeling like a young man again. All his friends are surprised at his appearance." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

WHEAT SUFFERS SEVERE BREAK

CHICAGO, Sept. 30.—Big purchasing of Canadian wheat by millers in the United States had a good deal to do with a severe break today in wheat values here. The market closed heavy, 7½c to 9¾c net lower with December $2.16 to $2.17 and March $2.10¾ to 2.11¼. Corn finished 5½c down to ½c advance, oats off ½@⅝ to 2½c and provisions unchanged to 50c lower.
Selling pressure on the wheat market here came largely from houses with northwestern connections and this fact appeared to give special emphasis to word that further large amounts of Canadian wheat had been bought to come into the United States over and above the quantities announced yesterday. At the same time export business from this country was said to have met with a check, Swiss, German and French buyers asserting they were offered wheat cheaper from elsewhere. India was said to have released 14,000,000 bushels for export notwithstanding recent advices of widespread starvation there.
Estimates that the 1920 corn crop would exceed the government forecast by 82,000,000 bushels had a bearish effect on corn and so too did big receipts and apparent absence of frost damage.
Oats fell with other grain.
Provisions were depressed by the weakness of hogs and cereals

Another triumph in the business of feeding the world well

By Helen Hale Martin

My dear Mrs. Housewife: You who are the home-maker, the dispenser of the family income, how are you making out these days in your duel with your persistent antagonist, old H. C. of L.?

Are you holding your own and, maybe, getting a little the best of it, or are you feeling at a disadvantage, a little discouraged—missing some of his tricks?

Are you being a good caterer and cook to your home-folks without undue wear and tear on your purse?

In the single item of milk, for instance—

Have you made any domestic economy progress; or are you running along in the same old way, depending on the coming of the milkman, grumbling at the bill—and trying to solve the problem by cutting down your supply as the price goes up?

Learn the new way—the better way

Why go along in this old way when there is a way of having as much or as little milk as you require, milk always on hand and of the kind that you can depend upon to be sweet when you want it?

Do you know that the best, cleanest, purest milk comes straight from the cow to the Libby dairies; and that as a dairy product, a kitchen necessity and a table luxury it is unrivaled?

A land of milk and honey

The typical dairying section of the Libby milk industries is a regular land of Canaan with its abundantly watered pasture lands and wooded slopes. It's a veritable health resort for the cow, with lush green feed in abundance for grazing. A cow paradise for sleek and placid herds.

When a cow has all this balminess and abundance—cows react to environment, you know—she is naturally at her best.

Then, when you put prize herds of cows on pasture lands such as these, give them the best care, and handle their output with all the skill and intelligence that Big Business can command—you should have a product that is *right*—from every standpoint.

Bringing the country's finest to you

And that is exactly what Libby is giving you.

This big enterprising firm has done much to show us what can be done to feed the world well—hunting out the best fruit-growing districts and setting up their canneries there to make these fruits available to everybody; going to Hawaii to pack the wonderful pineapples for the epicurean world; to Alaska to pack the Alaska salmon.

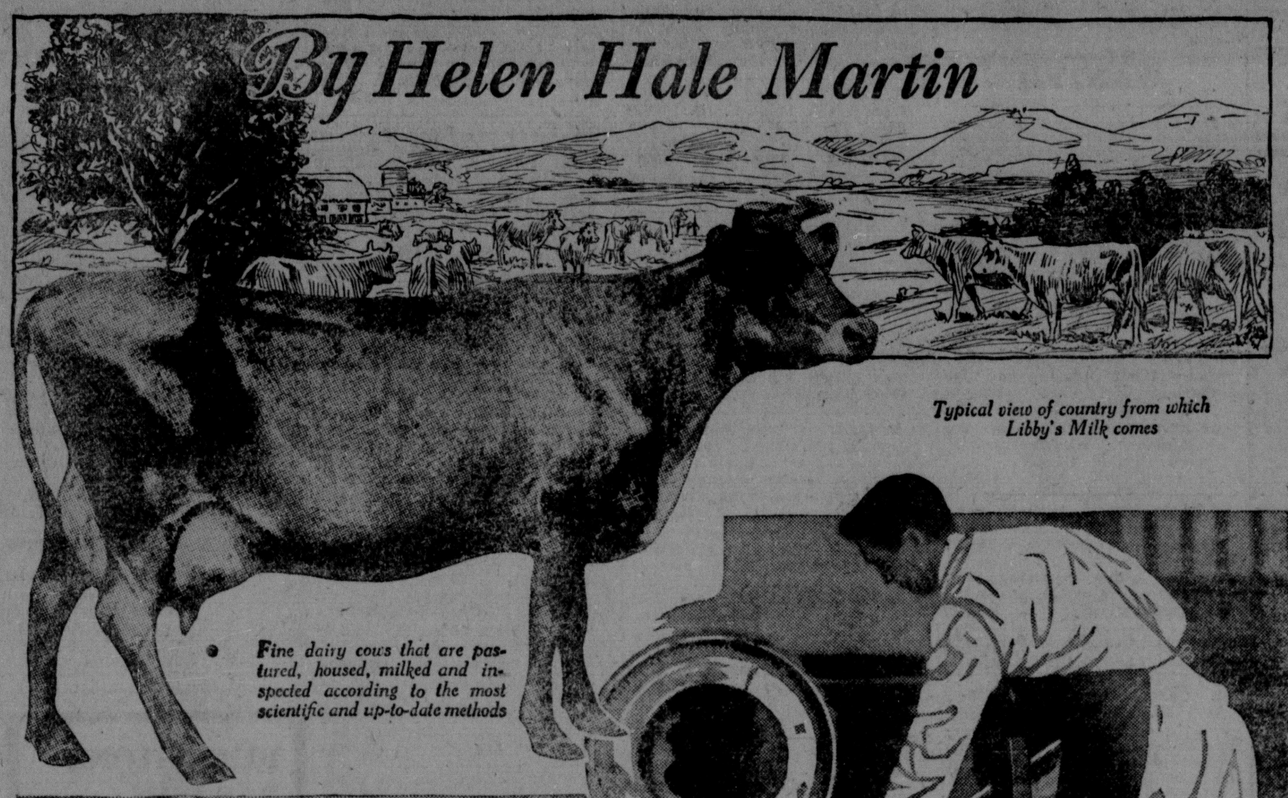

In the same way Libby goes for milk to dairy sections that have become noted for their rich milk and cream; such places as the famous dairy sections of Wisconsin, Illinois and of New York.

In these sections they establish their best condenseries with the finest equipment that modern invention makes possible, in order to turn out the very best product that can be put on the market.

If you could only see how this milk is produced

A visit to any one of the numerous Libby milk plants is an education in modern industrial efficiency.

How many of us know with any certainty where our milk comes from, whether or not from healthy cows? What does the consumer know of the sanitation of cow barns and dairies? How sure can he be, no matter what price he pays for milk, that it is clean and wholesome and sweet and suitable for human consumption when he gets it?

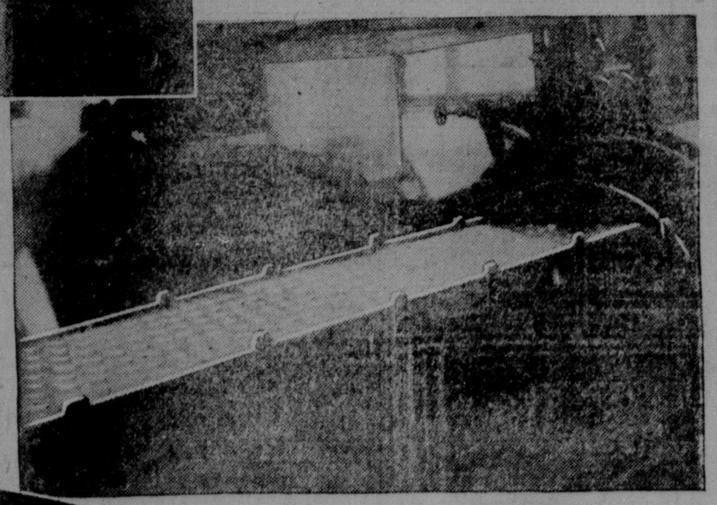

Typical view of country from which Libby's Milk comes

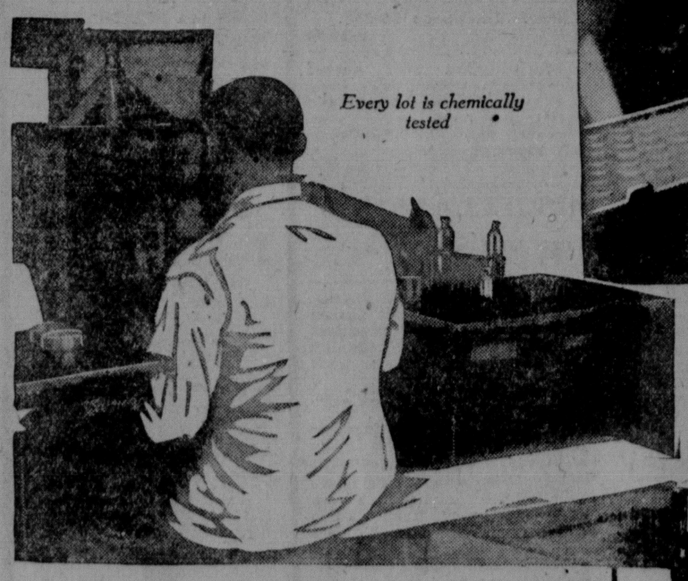

Fine dairy cows that are pastured, housed, milked and inspected according to the most scientific and up-to-date methods

The great vacuum evaporation kettle, in which 50 per cent of the moisture is extracted

First the milk is weighed, inspected and tested to see that it meets the Libby requirements

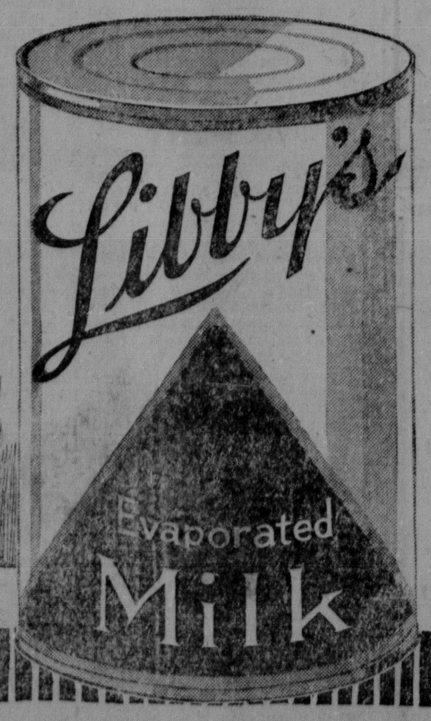

Every lot is chemically tested

Going into the sterilizer, to make the milk safe and insure its keeping under any conditions

See what a rich flavor it gives to all your favorite dishes

If you knew where it came from and could trace its entire progress from the cow to your kitchen, and never find a flaw in its handling—this would give you confidence in it, wouldn't it?

This you can do at any one of the Libby plants, which are always open for inspection.

First of all you would see the wide, well-watered dairy lands—and blissfully occupying them, fine herds of choice cattle.

This milk is all from inspected herds—herds that are pastured, housed, fed, and milked according to the most sanitary and up-to-date methods.

The modern way

No longer does the farmer bring his milk to market in any old can with the lid sliding off and letting in whatever may be encountered along the road; nor does he take the empty cans back with the "leavin's" in them to taint the next day's milk. They see to that at the Libby plant.

The farmer brings his milk in sterilized, tightly closed cans to the evaporating plant, and he delivers it immediately after milking. Here it is weighed and inspected and tested to see that it comes up to the butter-fat requirements, and is free from impurities.

After the cans are emptied they are not returned to the farmer out of hand, but are first subjected to a thorough washing and sterilizing process. In this way one of the greatest opportunities for the contamination of milk is eliminated.

The milk is put into great glass-lined storage tanks, and is then subjected to heat in a great vacuum kettle that evaporates about half its moisture. In this way the whole food content of the milk is retained and only part of the water removed, and what goes into the can is nothing more nor less than pure milk with all its constituents, concentrated to half its bulk, and consequently of about double richness.

After the evaporating process, it is chilled by flowing over ice-cold cooling pipes.

The filling of the cans is done by automatic machinery—hands never touch the milk at any stage—the feeding can connecting with the packing can, stopping just long enough to fill the packing can, and promptly moving on its way to fill the next one.

The cans are then sealed, and every can tested for leaks by immersion in a big tank.

Just pure, rich milk

Up to this point the only change in the milk has been the reduction in bulk caused by evaporation. In all other respects it is fresh milk, merely richer because more concentrated.

But now, after the sealing is perfected, comes the sterilization, to make it safe and insure its keeping. Hundreds of cans are put into an immense sterilizer so arranged that it can be revolved and every can thus evenly subjected to the sterilizing heat.

The labeling also is mechanically done, and with bewildering and magical speed the finished product is packed into cases. It is then ready for shipment to market, to go anywhere and keep indefinitely.

It has been tested for butter fats and impurities by chemical analysis; it has met no risks of contamination from unclean hands or containers; it has suffered no deterioration from periods of waiting and exposure; it has had nothing added to it, and only excess moisture taken from it, and it is ready to perform all the functions of milk fresh from the cow—as pure and perfect a product as human vigilance and intelligence can supply.

Such is Libby's Evaporated Milk. If you have never used canned milk you will wonder why when you learn the better results, the convenience and the economy that comes with using Libby's.

In this way the whole food content of the milk is retained and only part of the water removed, and what goes into the can is nothing more nor less than pure milk with all its constituents, concentrated to half its bulk, and consequently of about double richness.

After the evaporating process, it is chilled by flowing over ice-cold cooling pipes.

The filling of the cans is done by automatic machinery—hands never touch the milk at any stage—the feeding can connecting with the packing can, stopping just long enough to fill the packing can, and promptly moving on its way to fill the next one.

The cans are then sealed, and every can tested for leaks by immersion in a big tank.

Just pure, rich milk

Up to this point the only change in the milk has been the reduction in bulk caused by evaporation. In all other respects it is fresh milk, merely richer because more concentrated.

But now, after the sealing is perfected, comes the sterilization, to make it safe and insure its keeping. Hundreds of cans are put into an immense sterilizer so arranged that it can be revolved and every can thus evenly subjected to the sterilizing heat.

The labeling also is mechanically done, and with bewildering and magical speed the finished product is packed into cases. It is then ready for shipment to market, to go anywhere and keep indefinitely.

It has been tested for butter fats and impurities by chemical analysis; it has met no risks of contamination from unclean hands or containers; it has suffered no deterioration from periods of waiting and exposure; it has had nothing added to it, and only excess moisture taken from it, and it is ready to perform all the functions of milk fresh from the cow—as pure and perfect a product as human vigilance and intelligence can supply.

Such is Libby's Evaporated Milk. If you have never used canned milk you will wonder why when you learn the better results, the convenience and the economy that comes with using Libby's.
